**REF: REQUEST FOR PROPOSALS (RFP) FOR PROVISION OF CONSULTANCY SERVICES FOR DEVELOPMENT OF A NATIONAL INFRASTRUCTURE PLAN FOR THE PPP DIRECTORATE.  
RFP NO. IFPPP/PFF/PPPD/03/2023-2024**

**ADDENDUM I**

The National Treasury and Economic Planning, through the Infrastructure Finance and Public Private Partnerships Project has issued an addendum to the Request for Proposals (RFP) for Provision of Consultancy Services for the Development of a National Infrastructure Plan for the PPP Directorate.

| S/No | Clarification  | Remarks   |
|------|--|---|
| 1.   | <p>It is mentioned in the Rationale for a National Infrastructure Plan that further investment is required in “ports, airports, roads, railways, energy, water and sanitation, social and ICT/communication”.</p> <p>a) What does the term social refer to?</p> <p>b) Are these the only fields of infrastructure to target in the plan?</p> <p>c) Our understanding is that the</p> | <p>a) Social infrastructure refers to facilities and infrastructure that support quality of life, including health and aged care, education green and blue infrastructure, recreation, arts and culture, social housing and emergency services. These should be discussed to extent that there is available data to form a high-level view.</p> <p>b) The field’s of infrastructure should be aligned with Vision 2030, the Fourth Medium Term Plan 2023-</p> |

| S/No | Clarification   | Remarks  |
|------|---|--|
|      | <p>plan will be based on appraisal of available projects with the concerned ministries in addition to new projects that address identified gaps. What is the expected involvement of this consultancy on the new projects?</p>                | <p>2027, and any emerging sub-sectors that speak to the economy of the future such as digitalization and cybersecurity etc.</p> <p>c) Yes, the plan will be formulated based on the evaluation of existing projects with the relevant ministries and the introduction of new projects that target identified gaps.</p> |
| 2.   | <p>It is our understanding that Telecom scope shall be related to infrastructure work namely underground civil works (Manholes/handholes and duct banks). Kindly confirm</p>  | <p>Yes, we confirm that the scope will include infrastructure work, specifically underground civil works like manholes, handholes, and duct banks.</p>   |
| 3.   | <p>Does a national GIS database exist that includes the main existing and proposed infrastructure networks pertaining to this study? If not, does the concerned stakeholders possess GIS databases that could be utilized for this study?</p> | <p>A national GIS database does not exist. Certain sector ministries may have GIS mapping of their own projects while others may rely on sector masterplans which the consultants would utilize for the study.</p>   |
| 4.   | <p>Does a GIS-based land use mapping exist at the national level?</p>   | <p>A national GIS database does not exist. However, some sector ministries may have their own GIS mapping for specific projects, while others may use sector masterplans that consultants can reference for the study.</p>   |
| 5.   | <p>Are existing and potential future development projects mapped in a digital format and if yes, please specify.</p>  | <p>There is no single digital document listing the projects.</p>   |
| 6.   | <p>It is assumed that the energy network includes the oil &amp; gas sector in addition to the power. Please confirm.</p>  | <p>We confirm that the energy network encompasses both the oil and gas sector as well as power.</p>  |

| S/No | Clarification  | Remarks   |
|------|--|---|
| 7.   | What is the GIS platform that is being utilized by the Client?   | A national GIS database does not exist. However, some sector ministries may have their own GIS mapping for specific projects, while others may use sector masterplans that consultants can reference for the study.             |
| 8.   | Our understanding that safeguarding utility corridors and plots for the main infrastructure networks is not part of the NIP, kindly confirm.   | Yes, safeguarding utility corridors and plots for the main infrastructure networks is not included in the NIP.  |
| 9.   | Our understanding is that the water supply scope includes storage reservoirs and the related upstream works such as transmission lines and treatment works but the water distribution networks from the reservoirs to the houses are excluded. Please confirm.   | Yes, the water supply scope encompasses storage reservoirs and related upstream works such as transmission lines and treatment facilities, but it excludes water distribution networks from the reservoirs to individual homes. |
| 10.  | Our understanding is that the sewage system scope is limited to the main transmission lines and sewage treatment plants. Please confirm.   | Yes, the scope of the sewage system is confined to the main transmission lines and sewage treatment plants  |
| 11.  | Please advise if storm water drainage systems are included in the scope of work. If yes please clarify the scope of work.  | Storm water drainage should be considered and discussed to the extent that there is available data from earlier masterplans and/or independent studies/reports.   |
| 12.  | Please confirm that the irrigation system is not included in the scope.  | Yes, the irrigation system is outside the scope.  |
| 13.  | The terms of reference only provides for the overall duration of the assignment. There is no information relating to the indicative time input in man-months for the key staff.<br>Time input for key staff is a primary consideration in determining the cost of the financial proposal, and consequently | The indicative input in man-months is driven by the approach/methodology proposed. As such, it is for the bidder to estimate the time allocation per consultant proposed.   |

| S/No | Clarification   | Remarks   |
|------|---|---|
|      | <p>a key element that may determine the outcome of the Proposal evaluation. It is necessary to include this information in the tender document to allow for a balanced comparison of bids from prospective bidders.</p> <p>Can you provide the indicative time-input for key staff?</p> |   |
| 14.  | <p>Consultant may express the price for their Services in any fully convertible currency of up to three foreign currencies.</p>   | <p>The three preferred currencies are Kenyan Shilling (Ksh), United States Dollar (USD), and Euro.</p> <p>The official source of the selling exchange rate is: Central Bank of Kenya.</p> <p><b><i>Refer to Clause 26.1 of the ITT-Page 32 of the bid document.</i></b></p> |
| 15   | <p>Eligibility</p>  | <p>Consulting firms currently engaged in more than two active projects with the National Treasury and Economic Planning are ineligible to participate.</p>  |
| 16   | <p>We hereby request for a three weeks extension of the submission deadline.</p>  | <p>The tender closing date has been rescheduled from 16th April, 2024 to 03<sup>rd</sup> May, 2024 at 11:00 AM.</p>   |

All other terms and conditions remain the same.
