# 1011 Executive Office of the President

## **PART A. Vision**

Excellence in national leadership for a united, secure, globally competitive and prosperous Kenya.

## **PART B. Mission**

To provide overall leadership and policy direction in the management of public affairs for national prosperity.

## **PART C. Performance Overview and Background for Programme(s) Funding**

The Office of the President is mandated with providing overall policy direction and national leadership towards realization of the country's development agenda. In the review period (2019/20-2021/22), the Vote comprised of State House, Office of the Deputy President, Cabinet Affairs Office and the Nairobi Metropolitan Services (NMS).

During the review period, the Office of the President's approved budget increased from KSh.16.5 billion in FY 2019/20, Ksh.40.4 billion in FY 2020/21 and 42.4 billion in FY 2021/22. The total expenditure against the allocation was KSh.12.9 billion in the FY 2019/20, KSh.32.4 billion in the FY 2020/21 and Ksh.31.1 billion in FY 2021/22, which translated to an absorption rate of 78.4%, 79.1% and 73.3% respectively.

Major achievements made by the Executive Office of the President during the review period were: facilitation of H.E. the President and Deputy President in fulfilling their constitutional mandate; facilitation of initiatives of the First Lady and the Deputy President's spouse; facilitation of Cabinet affairs including meetings; fostering intergovernmental relations; exercise of the power of mercy; promoting good corporate governance in state corporations; and implementation of the deed of transfer of services between the national government and the Nairobi City County.

The main challenge faced by the Office during budget implementation was resource constraints which slowed implementation of scheduled projects and programmes. To address this challenge, the Office has taken considerable efforts through prioritization of projects and programmes, and development of policy on cost reduction across Government.

During the medium-term 2023/24 -2025/26, the Office of the President's key outputs will include; oversight of the country's development agenda; facilitation to H.E. the President in fulfilling constitutional mandate; national food security forecasts; policy advisory and strategic support on priority programs and engagements; providing geo-spatial data and land use/land cover changes on natural resources; facilitation on the application of Power of Mercy Act; development of the Annual Presidential Report on the National Values and Principles of Governance; National Economic and Social Council (NESC) function; facilitation of the Betting, Control & Licensing Board and Government Printing Services.

## **PART C. Performance Overview and Background for Programme(s) Funding**

The National Police Service (NPS) draws its mandate and functions from the Constitution of Kenya, 2010, Article 243 and the National Police Service Act, 2011. The NPS comprises of the Kenya Police Service, General Service Unit, Administration Police Service, Directorate of Criminal Investigations and Internal Affairs Unit whose functions are outlined in sections 24, 27, 35 and 87 of the NPS Act respectively. During the period under review, NPS was under Vote 1021, State Department of Interior and Citizen Services but in line with the reorganization of the Government, the budget was moved to National Police Service Vote 1025.

The National Police Service was allocated KSh.99.1 billion, KSh.96.6 billion and KSh.100.1 billion in FY 2019/20, FY 2020/21 and FY 2021/22 respectively. The actual expenditure for the same period was KSh.97.3 billion, KSh.96.3 billion and KSh.99.2 billion respectively. This translated to absorption of 98.2% in the FY2019/20, 99.7% in the FY2020/21 and 99.1% in the FY2021/22.

Major achievements during the period under review includes; gazettelement of 702 police stations; acquisition of assorted security equipment; improved police welfare through provision of housing allowance; enhanced mobility for police officers; enhanced surveillance system in Nairobi and Mombasa and their environs; digitized Occurrence Books (OBs) in Kasarani Police Station; Enforced covid-19 MOH protocols and guidelines; equipped forensic lab. Major challenges during the review period include; inadequate budgetary allocation; accumulation of pending bills and delays in resource flows. To address these challenges, NPS held regular Budget Implementation Committee meetings; held monthly projects' implementation committee meetings to fast track implementation of the development budget; constant consultations with the National Treasury on release of funds and undertook quarterly projects monitoring & evaluation of programmes.

During the medium term 2023/24 - 2025/26, the Service will continue to enhance public safety through acquisition of assorted modern security equipment; recruitment and training of

# 1032 State Department for Devolution

## **PART A. Vision**

Excellence in management of devolution

## **PART B. Mission**

To provide leadership and policy direction in the management of devolution and intergovernmental relations

## **PART C. Performance Overview and Background for Programme(s) Funding**

The State Department for Devolution is mandated to coordinate intergovernmental relations between the National and County Governments. This Includes: establish mechanisms for the management of intergovernmental relations between the two levels of Government; provision of support to the County Governments and capacity building and technical assistance to the County Governments.

During the financial year 2019/20, 2020/21 and 2021/22, the State Department had a budget allocation of Kshs 5.2 billion, Kshs 9.2 billion and Kshs 4.4 billion respectively. The expenditure over the same period was Kshs 4.7 billion, Kshs 8.7 billion and Kshs 4.1 billion respectively. This translates to 90%, 94% and 95% absorption rate for the three years under review.

During the period under review the major achievements were; reviewed County Government Act (2012) and Intergovernmental Relations Act (2012); developed and gazetted guidelines for the establishment and operationalization of Intergovernmental Units in Ministries and County Governments; reviewed policy on the devolved system of Government; hosted the 9th Edition of the Africities Summit in Kisumu in May, 2022; constructed the Kisumu Convention Centre to a completion status of 55%; provided capacity building and technical assistance to all counties; facilitated 125 Investment Projects in 39 Counties; financially supported all County governments under Kenya Devolution Support Programme (KDSP) for Covid-19 containment interventions; supported Local Economic Development (LED) in 15 counties; developed an Integrated Devolution knowledge management system and County handbook; identification, Verification of Assets and Liabilities of Devolved functions were completed in 47 Counties; undertook valuation of registrable assets of defunct local authorities and ministries with devolved functions in 25 counties with 45% completion rate; provided food relief to 3.5 million food insecure persons in ASAL counties.

The challenges experienced during implementation of devolution programmes and budget execution are: negative impact of Covid-19 pandemic; low absorption of grants by Counties due to failure to meet the donor conditionalities and budget constraints. To mitigate these challenges, the State Department plans to sensitize Counties on donor conditions.

During the FY 2023/24 and the Medium Term, the State Department targets to achieve the following key outputs: review devolution policies and legal frameworks; develop and roll out Devolution Performance Assessment and peer to peer review frameworks; implementation of the Financing Locally Led Climate Action programme; Implement Devolution Knowledge Management strategy; unbundling, delineation and transfer of outstanding devolved

# 1053 State Department for Foreign Affairs

## **PART A. Vision**

A peaceful, prosperous and globally competitive Kenya

## **PART B. Mission**

To protect, promote and protect Kenya's interest and image globally through innovative diplomacy; and to contribute towards a just, peaceful and equitable world.

## **PART C. Performance Overview and Background for Programme(s) Funding**

The State Department for Foreign Affairs is mandated with formulation, articulation and implementation of Kenya's foreign policy.

The State Department was allocated KSh.18.3 billion, KSh.17.3 billion and KSh.19.9 billion for the Financial Years 2019/20, 2020/21 and 2021/22 respectively. The actual expenditure for the same period was KSh.17.5 billion, KSh.16.8 billion and KSh.19.9 billion respectively. This translates to an absorption rate of 96.6%, 97.2% and 99% respectively.

During the 2019/20 to 2021/22 Medium Term period, the State Department achieved the following, hosted the United Nations Environment Assembly (UNEA 5.2); the AFRICITIES summit; trained 44 regional diplomats from the East African Community (EAC) and Comesa block in policy analysis and conflict resolution; facilitated donation of vaccines and medical supplies to combat Covid 19 amounting to KSh.1 billion from Germany, India, Japan, USA, Qatar, South Korea and China; built and commissioned a chancery in Geneva, Switzerland as well as establishing five new missions/consulates in Jakarta, Arusha, Goma, Hargeisa and Maputo in a bid to increase Kenya's global footprint.

The State Department experienced challenges including effects of the COVID 19 pandemic, foreign exchange losses, dilapidated conditions of Government properties abroad, high rental and leasing costs in Missions abroad, reduction of Appropriation In Aid (AIA) in missions as a result of the introduction of the e-Citizen platform, conflicting procurement laws in foreign jurisdiction and evolving global security threats.

Over the medium-term 2023/24 - 2025/26, the State Department will strengthen foreign relations through regional and economic communities, promote regional peace and stability; lobby for Kenyan candidatures in international organizations; promote Nairobi as a regional hub; finalize and implement the Asset Acquisition and Management Plan on refurbishment and property acquisition and re-engineer the Foreign Service Academy.

To address the challenge on property conditions, priority will be given to refurbishment of government owned properties/buildings and properties abroad within the available resources.

Policy Development were rolled out; and 18,748 research licenses were issued.

Key challenges experienced by the State Department include; inadequate financial resources; non alignment of students increased enrollment in public universities to the budgetary provision for tuition, student loans, bursaries, research grants, infrastructural facilities, and personnel emolument; Collective Bargaining Agreement (CBA) demands, unrest and under-funding of the same that often leads to closure of universities; under-funding of capital projects with huge demands leading to default of payments hence penalties, stoppage, slowed completion rate and stalling of projects; inadequate funding of TVET students placed by KUCCPS in universities; and slow alignment process of CBC in universities and colleges curriculum.

The expected outputs in the MTEF period 2023/24- 2025/26 include; increase graduation of undergraduate students; improve infrastructure in all public universities; increase number of students awarded scholarships; increase policies developed and reviewed; increase collaboration initiated; increase number of academic staff trained on Competency Based Education (CBE); increase number of programmes aligned to CBE; increase number of student awarded loans; increase number of research projects funded; resolve all GMO appeals submitted; increase number of research institution registered, accredited and inspected; and establish the Open University of Kenya.

To promote economic transformation for shared growth through formulation, implementation and monitoring of prudent economic and financial policies at National and County levels of Government.

## **PART C. Performance Overview and Background for Programme(s) Funding**

The National Treasury derives its mandate from Article 225 of the Constitution, Public Finance Management Act 2012 and the Executive Orders No.1 of 2023 which include: overall economic policy; management of public Funds; formulation of the National Budget; management of public debt; formulation and maintenance of Government Accounting Standards; bilateral and multilateral relations; Capital Markets Policy; oversight of revenue collection as prescribed under all written Laws; competition policy management; National Pensions Policy Management; insurance policy and regulation; Public Procurement and Disposal Policy; Public Investment Policy and Oversight; development and enforcement of financial governance standards; financial Sector Analysis and Management including SACCOs, NSSF and NHIF; Financial Institutions oversight; management of National and County Government Financial Management System and Standards; Development of Kenya as an International Financial Centre; Anti-Money Laundering; custodian of National Government Assets and Property and Intergovernmental Budget and Economic Council.

In the period under review, the budgetary allocation increased to KSh. 114.5 billion in FY 2020/21 from KSh. 78.0 billion in FY 2019/20 and further increased by 56% to KSh. 172.0 billion in FY 2021/22. The actual expenditure in FY 2019/20 was KSh. 74.9 billion translating to 96% absorption rate. In the FY 2020/21 KSh. 107.6 billion was spent translating to 94% absorption rate and in the FY 2021/22 KSh 146.3 billion was spent translating to 85% absorption rate.

Some of the key achievements of the Medium Term Period under Review include: maintained stable macro-economic environment with inflation sustained at 5 +- 2.5%;reduced the fiscal deficit to 6.2% from 7.5% of GDP in consistence with the targeted fiscal consolidation path; facilitated the preparation and presentation of the National Budget to Parliament; processed and paid 74,179 pensions claims; onboarding and maintaining 369,878 permanent and pensionable public servants of age 45years and below in the Public Service Superannuation Scheme (PSSS); unified KSh. 1.298 billion worth of unclaimed financial assets with the rightful owners, constituting 5.9% of the Asset Portfolio; maintained cargo dwelling time at the port of entry by 3 days; ensured timely preparation and submission of the County Allocation of Revenue Bill and Division of Revenue Bill to Parliament. ## 1071 The National Treasury

Procurement Opportunities (AGPO) enterprises; trained 18,000 PFM officers on PFM reforms implementation; established Climate Change Fund (CCF) in 40 Counties. Further, the National Treasury facilitated an annual leverage of 187,578 clients with agriculture loans under the microfinance sector support and development initiative.

The National Treasury experienced a number of challenges that included; delay in enactment of County Governments Additional Allocation Bill which contributed largely to 65 % of disbursement of externally mobilized resources against a target of 85%; unfavorable international capital market conditions, largely as a result of the ongoing instability in Russia and Ukraine, leading to lower than anticipated mobilization of external resources to bridge the fiscal gap.

In the 2023/24 – 2025/26 MTEF period, the key planned outputs for the medium term include; maintaining macroeconomic stability with inflation sustained at 5% (plus or minus 2.5 %) in the medium term; maintain strong official foreign reserves; continue to pursue policies aimed at reducing the overall fiscal deficit and debt accumulation; enhance revenue mobilization from 17.3% in FY 2021/22 to 18.4% of GDP in the medium term; strengthen intergovernmental fiscal relations; ensure reliable, stable and sound financial sector and maintain a sustainable public debt of less than KSh.10 trillion.

# 1072 State Department for Economic Planning

## **PART A. Vision**

A centre of excellence in planning for a globally competitive and prosperous nation with high quality of life for all Kenyans

## **PART B. Mission**

To provide effective leadership and coordination in planning, policy formulation, and tracking of results for a globally competitive and prosperous nation.

## **PART C. Performance Overview and Background for Programme(s) Funding**

The mandate of the State Department include National and sectoral development planning; national statistics management; National Census and Housing Surveys; population policy management; liaison with Economic Commission for Africa; monitoring and evaluation of economic trends; and co-ordination of implementation, Monitoring and Evaluation of Sustainable Development Goals (SDG's).

During the review period, the overall approved budget increased from KShs. 55.3 billion in FY2019/20 to KShs. 59.2 billion in FY2020/21 and declined in FY2021/22 to KShs. 51.6 billion. The overall actual expenditure increased from KShs. 41.1 billion in FY2019/20 to KShs. 59.0 billion in FY2020/21 and declined in FY2021/22 to KShs. 48.6 billion. The under expenditure for the FY2019/20 was majorly due to the undisbursed NG-CDF areas amounting KShs. 13.7 billion that was allocated and disbursed in the subsequent financial year. The absorption rates over the review period were 74.3%, 99.7% and 94.1% for the financial years 2019/20, 2020/21 and 2021/22 respectively.

During the period under review, the State Department for Economic Planning key achievements include: undertook County consultation and prepared reports to inform development of MTP IV Sector Plans and CIDPs; established and operationalized 18 national planning offices in the counties; coordinated the MTEF budget making process and ensured alignment of budgets to MTPs; conducted the 2019 Kenya Population and Housing Census (KPHC); conducted 2022 Kenya Demographic and Health Survey; developed policies to guide Monitoring and Evaluation; CIDP Mid Term Review; identification of Flagship Programmes and Projects; developed SDGs Good Practices; County Annual Progress Report (CAPR); and prepared and disseminated Key Investment Opportunities in Kenya document.

The key challenges over the period included budgetary constraints, COVID19 pandemic, human resource capacity gaps, and weak linkages between the two levels of government on the planning function. To mitigate these challenges, the State Department has planned to open County Planning Offices across the 47 Counties.

In the FY2023/24 the State Department will majorly focus its resources on; construction of 14,334 educational facilities and 1452 security facilities, award bursaries to 1.4 million beneficiaries, and provide social security services to 26,949 elderly persons through NG-CDF, operationalization of 29 National Government County Planning Offices, dissemination of Fourth Medium Term Plan (MTP IV) and Sector Plans, development of Indicator Handbook

## **PART A. Vision**

A global leader in the transport, infrastructure and logistics

## **PART B. Mission**

To develop, operate and sustain a world class transport in infrastructure and services.

## **PART C. Performance Overview and Background for Programme(s) Funding**

The State Department for Roads is mandated with construction, rehabilitation and maintenance of the country's road network.

During the medium-term 2019/20-2021/22 the State Department was allocated Ksh.240.2 billion, Ksh.200.5 billion and Ksh.230.6 billion in the FY 2019/20, 2020/21 and 2021/22 respectively. The actual expenditure during the same period was Ksh.230.9 billion, Ksh.195.3 billion and Ksh.203.3 billion reflecting absorption rates of 96%, 97% and 88% respectively.

Major achievements during the period 2019/20-2021/22 include construction of 5,324 km of roads, rehabilitation of 333 km of roads; routine maintenance of 118,486 km of roads; periodic maintenance of 1,523 km of road; and maintenance of 135 km of roads under the Roads 2000 strategy. Some of the major projects undertaken include; Nuno-Modogashe road project (A13); Kakamega - Kaburengu (Webuye) (A1); Kibwezi-Mutomo-Kitui (A9/B64); Lodwar-Lokitaung; Kainuk Bridge, Loichangamatak-Lodwar Road; Lokitaung Junction - Kalobeiyei River; Kalobeiyei River-Nadapal / Nakodok road among others.

The State Department encountered the following challenges during budget implementation; high cost of land compensation; delay in relocation of utility services; inadequate funding and pending bills. To mitigate the above challenges the State Department continues to explore alternative financing mechanisms such as: the Public Private Partnership (PPP); development of land valuation index to standardize land prices; and the adoption of multi-sectoral approach involving all stakeholders in planning and development of the road projects.

During the medium-term 2023/24-2025/26, the State Department has been allocated Ksh.250.8 billion, Ksh.251.5 billion and Ksh.263.3 billion for FY 2023/24, FY 2024/25 and FY 2025/26 respectively. The current allocations are Ksh.82.9 billion, Ksh.86.4 billion and Ksh.90.0 billion while the capital allocations are Ksh.167.9 billion, Ksh.165.1 billion and 173.3 billion for FY 2023/24, FY 2024/25 and FY 2025/26 respectively.

These allocations will be utilized to: construct approximately 5,750 km of roads; rehabilitate 1,056 km of roads; maintain 2,804 km of roads under periodic maintenance; and maintain 125,990 km of roads under routine maintenance. The department will prioritize the completion of Machakos Athiriver turnoff; completion of Mau Mau roads; construction of Mombasa Port Area Road Development project; completion of Kenol-Sagana-Marua Project; construction and installation of Intelligent Traffic Systems; completion of Western Bypass; Low Volume Seal Roads Programme; South Sudan Eastern Africa Transport, Trade and Development Facilitation project; and the Horn of Africa Gateway Development Project among others.

# 1092 State Department for Transport

## **PART A. Vision**

A global leader in Transport Infrastructure and Services

## **PART B. Mission**

To provide efficient, reliable, safe and sustainable seamless transport system for socio-economic development

## **PART C. Performance Overview and Background for Programme(s) Funding**

The mandate of the State Department for Transport is to provide effective transport system and safety through: transport policy management; rail transport, i-transport and infrastructure management; fast tracking identified Northern and LAPSET Transport corridor projects; oversight and co-ordination of Northern Corridor Transport and Lamu-South-Sudan-Ethiopia transit programmes implementation; civil aviation management and training; registration and insurance of motor vehicles; motor vehicles inspection; national transport safety; national road safety management; national roads transport policy; axle load control policy and standards; and development and maintenance of airstrips.

During the period under review, the State Department was allocated KShs.103 billion, KShs.74 billion and KShs.11 billion in FY 2019/20, 2020/21 and 2021/22 respectively. The actual expenditures were KShs.96 billion, KShs.63 billion and KShs.6 billion respectively. This translates to absorption rates of 93%, 85% and 55 % respectively.

Major achievements during the period under review include: construction of Standard Gauge Railway line from Nairobi to Naivasha; construction of first three (3) Berths at Lamu Port; construction of Isiolo airport; construction of modern aviation centre at East Africa School of Aviation; construction of Naivasha ICD; and rehabilitation of 8 airstrips.

The State Department encountered various challenges during implementation which include: inflation leading to high construction/ maintenance costs; effects of COVID-19; and inadequate skilled manpower. The State Department will mitigate these challenges by engaging in Public-Private Partnership, increasing internally generated funds in the implementation of projects, and replacing aging staff. In addition, the State Department will enhance monitoring to ensure projects are implemented on time and are of the desired quality.

During the Medium Term for FY 2023/24 -2025/26, the State Department plans to implement projects key among them: expansion of 5 airstrips; development of BRT facilities in Nairobi; rehabilitation and upgrading of MGR network; development of Dongo Kundu SEZ; Horn of Africa Gateway Project; development of Nairobi Railway City; and compliance to the International Civil Aviation Organization (ICAO) standards.

# 1093 State Department for Shipping and Maritime Affairs

## PART A. Vision

A global leader in the promotion of shipping and maritime affairs

## PART B. Mission

To promote and develop shipping and maritime industry in Kenya through policy formulation and implementation, coordination and fostering regional and global cooperation

## PART C. Performance Overview and Background for Programme(s) Funding

The State Department for Shipping and Maritime Affairs is mandated to promote maritime and shipping industry in Kenya.

During the FY 2019/20, 2020/21 and 2021/22, the State Department was allocated Kshs.2.0 billion, Kshs.2.3 billion and Kshs.2.7 billion respectively. The actual expenditure over the same period was Kshs.1.2 billion, Kshs.1.6 billion & Kshs.1.7 billion respectively. This translates to absorption rates of 64%, 71% and 64% respectively.

Major achievements during the period under review were: trained 4289 seafarers, employed 934 seafarers, developed Bandari Maritime Academy bill 2022 and Merchant Law Amendment Bill; signed MoUs between Republic of Palau, Kingdom of Denmark and Indian Ocean Rim Association(IORA).

Major challenges faced during implementation of the budget were inadequate budgetary provisions; human resource capacity; inadequate policy integration and uncoordinated development in the blue economy sector; inadequate supportive legislative framework and policies; inadequate training facilities and equipment; and weak monitoring. To mitigate these challenges the State Department is developing policies and supportive legislation; developing training facilities and equipment; upscaling sensitization campaigns and awareness; and enhancing effective monitoring and evaluation of all projects.

The State Department will focus on delivering the following key outputs during the medium term 2023/24 -2025/26: develop maritime related policies and strategies; carry out regional and international collaborations; develop ship construction and repair yard in Kisumu; establish shipping agency networks; provide training facilities and equipment to Bandari Maritime Academy so as to build capacity in Maritime, education and training; construct advanced firefighting facility and survival training center; enhance maritime safety and security; strengthen maritime, trade, and development; develop Kenya Maritime Data Bank; surveying and certifying ships calling on Kenya ports and establish search and rescue centers along Lake Victoria.

# 1104 State Department for Irrigation

## **PART A. Vision**

A food secure and prosperous nation through irrigation

## **PART B. Mission**

To facilitate development and management of water harvesting and storage, irrigation and drainage, irrigation water management and land reclamation for food security and socio-economic development in Kenya.

## **PART C. Performance Overview and Background for Programme(s) Funding**

The State Department for Irrigation was established under Executive Order No.1 of 2023 under the Ministry of Water, Sanitation and Irrigation. Its mandate includes: Flood Control Management; Land Reclamation/Dams and Dykes; Mapping, Designating and Developing Areas Ideal for Irrigation Schemes; Water Harvesting and Storage for Irrigation; Land Reclamation; National Irrigation Policy and Management; and Management of Irrigation Schemes

The State Department has been allocated KShs.24.7 billion, KShs.17.9 billion and KShs.20.5 billion for the FY 2023/24, 2024/25, 2025/26 respectively out of which Kshs1.5billion, Kshs1.6billion and Kshs1.6billion are for current expenditure while Kshs23.1billion, Kshs16.2billion and Kshs18.9billion is for capital expenditure respectively.

Key achievements during the MTEF period 2019/20-2021/22 include: development and gazetted the Water Harvesting and Storage Regulations and Irrigation Regulations 2021; constructed 156 small dams and pans; drilled and equipped 293 strategic boreholes with water service infrastructure within the urban informal settlements and rural areas; developed 163,719 acres under public schemes and community-based smallholder irrigation schemes; and constructed 28,732 household water pans across 31 counties.

During the period under review, the major challenges encountered include: inadequate funds; inadequate staff; the planned projects and programmes have been greatly impacted by COVID-19 pandemic; lengthy process for master list approval for tax exemptions leading to delay in project implementation; way leave issues for large infrastructure projects (RAP); and land acquisition / compensation. To address these challenges the major strategies to be employed will include: replacement of retiring staff; prioritization of programme activities within the available resources; embracing public private partnership as an alternative funding mechanism; and ensuring compliance with relevant laws and regulations.

During the medium term FY 2023/24-2025/26 the State Department targets to: increase the area under irrigation from the current 664,000 acres to 749,460 acres; complete expansion of area under Mwea irrigation scheme from 25,000 acres to 35,000 acres to enable growing of rice in two seasons; complete the model farm under Galana Kulalu project to increase area under irrigation from 5,100 acres to 10,000 acres; and reclaim 100 ha of degraded land.

# 1109 State Department for Water & Sanitation

## **PART A. Vision**

Universal access to adequate, safe and sustainably managed water resources and sanitation.

## **PART B. Mission**

To ensure good governance in conservation, protection, water harvesting and storage, management and development of water resources, sanitation infrastructure, for national socio-economic development.

## **PART C. Performance Overview and Background for Programme(s) Funding**

The State Department for Water & Sanitation was established by the Executive Order No. 1 of 2023 as a Department within the Ministry of Water Sanitation and Irrigation. Its mandate includes: Water Resources Management Policy and Standards; Water Catchment Area Conservation, Control and Protection; Water and Sewerage Services Management Policy; Waste Water Treatment and Disposal Policy; Water Quality and Pollution Control; Sanitation Management; Management of Public Water Schemes and Community Water Projects; and Water Harvesting and Storage for Domestic and Industrial Use.

The State Department has been allocated KShs.61.5 billion, KShs.46.9 billion and KShs.47.3 billion for the FY 2023/24, 2024/25, 2025/26 respectively out of which recurrent expenditure of KShs.5.5 billion, KShs.6.6 billion and KShs.6.0 billion and KShs.55.9 billion, KShs.40.3 billion and KShs.41.3 billion allocated for capital expenditure over the medium term.

During the review period FY 2019/20 - 2021/22, the State Department's key achievements include: access to improved water services increased from 65.5 % in 2020/21 to 70% in 2021/22 through the completion of 25 water supply projects which served 2 million additional people; access to improved urban sewerage services increased from 27.7 % in 2019/20 to 32% in 2021/22 through the completion of 6 sewerage projects; and the national sanitation coverage increased from 72% in 2020/21 to 76% in 2021/22. This was done through construction of 41 sanitation projects in low urban income areas/informal settlements and rural marginalized/ASAL areas to serve an additional population of 167,232 people. The average progress of the Kenya Towns Sustainable Water and Sanitation program is 65%.

Under the water resources management and protection, 152 River Gauging stations were rehabilitation while 65 manual stations were upgraded to telemetry while 24 sub-catchment plans were developed and implemented. On water harvesting and storage, the State Department completed the following dams: Karimenu, Thiba and Yamo Dams it also fast-tracked construction of Thwake dam (72%). In addition, 67 no. small dams/pans were constructed in various counties and 142 schools were connected to clean water during the period.

Despite these achievements, there were some challenges faced during the review period that include: the planned projects and programmes have been greatly impacted by COVID-19 pandemic; lengthy process for master list approval for tax exemption leading to delay in project implementation; inadequate funds; delayed disbursements and inadequate counterpart funding has negatively impacted the implementation of some projects, land acquisition/ compensation; way leaves issues for large infrastructure projects (RAP); low sewerage coverage and inadequate effluent treatment continued to be a threat to improvement of water quality and public health especially in informal settlements; low

## 1109 State Department for Water & Sanitation

household connection to completed water and sewerage projects affected the target level of access to water and sanitation services; and high energy cost of water production impeding affordability of water.

During the Medium Term FY2023/24 – 2025/26, the State Department will continue to implement the priorities under three programmes namely; General Administration, planning and support services; water resources management; and water sewerage and infrastructure development. The State Department projects that by the end of FY 2025/26, 78% of the population will have access to safe drinking water with urban water coverage increasing from 87% to 89% while rural coverage increasing from 61.5% to 67%. Access to improved sanitation is expected to increase from 76% to 80% while sewerage coverage in urban areas is expected to increase from 32% to 36% during the period. d to increase from 32% to 36% during the period.

## **PART A. Vision**

A globally competitive institution in the sustainable management of land.

## **PART B. Mission**

To facilitate improvement of the livelihood of Kenyans through efficient land administration, equitable access, secure tenure and sustainable management of land resource.

## **PART C. Performance Overview and Background for Programme(s) Funding**

The State Department for Lands and Physical Planning is mandated to provide policy direction on matters related to land. The core functions of the State Department include facilitation of efficient land administration and management of the land resource.

During the Financial Year period 2019/20-2021/22; the State Department was allocated KSh.7.2 billion in the FY 2019/20, KSh.6.1 billion in the FY 2020/21 and KSh.5.5 billion in the FY 2021/22. The actual expenditure was KSh.6.3 billion in the FY 2019/20, KSh.6.0 billion in the FY 2020/21 and KSh.5.2 billion in FY 2021/22. The absorption rate stood at 87.3% in the FY 2019/20, 98.3% in the FY 2020/21 and 95.1% in the FY 2021/22.

# 1122 State Department for Information Communication Technology & Digital Economy

## **PART A. Vision**

A globally knowledge-based economy

## **PART B. Mission**

To facilitate universal access to ICT infrastructure and services

## **PART C. Performance Overview and Background for Programme(s) Funding**

The State Department is mandated to develop National ICT and Innovation Policy: promote e-government services; promotion of software development industry; provide ICT technical services to MDAs; and management of National Fiber Optic Infrastructure among others.

During the medium term period 2019/20 – 2021/22, the State Department's approved budget was KShs.21.5 billion, KShs.21.1 billion, and KShs.20.2 billion, against an actual expenditure of KShs.16.8 billion, KShs.18.6 billion and KShs.18.2 billion for financial years 2019/20, 2020/21 and 2021/ 22 respectively. This translates to absorption rates of 77.90% and 88.12% and 90.12% respectively.

Major achievements during the period under review include: development of Kenya ICT Bill, Data Protection and Privacy Act, 2019, huduma number regulations, Kenya Digital Economy Blueprint 2019, the Kenya National Digital Masterplan (2022-2032) and the Digital Economy Strategy; gazetted three sets of Data Protection Regulations i.e., the Data Protection (General Regulations) 2021, the Data Protection (Compliance and Enforcement) Regulations, 2021, and the Data Protection (Registration of Data Controllers and Data Processors) Regulations, 2021, ; connected and maintained 660 Government buildings at the counties through the Last Mile County Connectivity Project (LMCCP); maintained GCCN and procured ICT equipment and systems for MDAs; maintained the Government Data Centre; laid a 8,900 kilometers of fiber network under NoFBI; rehabilitated 630 kilometers of the NoFBI Phase I from Eldoret to Nadapal at the Southern Sudan border; completed 300 kilometers of the newly built network along Eldoret to Nadapal for redundancy; positioned Kenya as the preferred Business Process Outsourcing (BPO) Hub in East Africa by expediting development of Konza Technopolis; completed construction of Konza Complex Phase 1A; constructed up to 80% of civil work for the Konza Horizontal Infrastructure Phase 1; completed the construction of the Konza National Data Centre with equipping at 62% completion; relocated 400 kilometers of fiber along the Nairobi Expressway, Rironi – Mau Summit and Kenol-Marua Road; provided internet connectivity and Wi-Fi to the 9th Africities Summit; hosted the Connected Summit; connected 240 Constituency Innovation Hubs (CIHs) to internet; trained and linked 1,976,658 youths to online jobs through the Ajira Digital Programme; and recruited and trained 1,200 ICT graduates.

The challenges which were experienced during budget implementation include: cable vandalism and destruction during construction; wayleaves challenges; lack of coordinated deployment of infrastructure; funding constraints; high inflation affecting the cost of capital projects; shortage in semiconductors and chips which delayed delivery of key digital and electrical components for various projects; low adoption of innovations and technologies; lack of integrated ICT infrastructure between National and County Governments; rapid ICT technological advancements; digital divide between rural and urban; and Cyber Security

# 1123 State Department for Broadcasting & Telecommunications

## **PART A. Vision**

A globally competitive knowledge-based economy

## **PART B. Mission**

To facilitate the provision of quality and affordable broadcasting and telecommunication infrastructure and services within the country

## **PART C. Performance Overview and Background for Programme(s) Funding**

The mandate of the State Department is to coordinate and facilitate Government's strategic communication with the aim of promoting nationhood and the creation of a knowledge society; ensuring universal access to information through management and regulation of the ICT sector for sustainable development throughout the country.

During the period under review, the State Department was allocated Kshs.4.8 billion, Kshs.7.8 billion and Kshs.7.6 billion in FY 2019/20, 2020/21 and FY 2021/22 respectively. The actual expenditure for the same period was Kshs.4.2 billion, Kshs.7.1 billion and Kshs.6.9 billion which represents absorption rates of 87%, 91% and 91% respectively.

During FY 2019/20-2021/22, the State Department's achievements included the establishment of seven studio mashinani, employment of 130 artists who have produced and recorded songs in the studios, established and equipped one film hub in Bomet to harness the power of art and technology to create job opportunities for the youth, increased coverage of digital TV transmission signals from 78% to 89%, rolled out Government Unified Communications and County Connectivity Systems in twelve State Departments and forty-six counties, installed equipment for Digital TV transmission in 36 sites in marginalized areas, accredited over 13000 journalists, trained 565 youth in film and documentary production. Further, a total of 1,437 media practitioners were trained during the review period; the State Department supported on-job training of over 2,807 journalists in mass media and also set standards for mass media skills development through the Kenya Institute of Mass Communication.

However, the State Department encountered a number of challenges during the review period which included inadequate funding, lack of enough office space, inadequate staffing, and limited training. In addition, a large number of MDAs did not honour their advertising contractual obligations leading to the accumulation of pending bills. To address these challenges going forward, the State Department plans to continuously review its policies and legal frameworks in line with emerging issues and market trends. The State Department will also lobby for sufficient resources to set up the required infrastructure and acquire the requisite human capital to support universal access to Information and Communication.

During the medium-term 2023/24-2025/26, the State Department will automate the Government Advertisement Agency (GAA) processes to enhance operational efficiency. Further, the State Department undertakes to complete and operationalize the government Call Centre and Media Center, enhance strategic Government communication services through increased public campaigns and community engagements, refurbishing the dilapidated field offices, settling pending bills and acquiring additional office space under the Recurrent Budget. In addition, the ongoing projects which include the construction of

classrooms at the Eldoret campus, installation of TV digital transmitters to the remaining 7 sites under the Analogue to Digital Migration project, finalization of catering unit under the 405-bed capacity and completion of a tuition block at KIMC Nairobi campus, implementation of additional audio -visual studios under the Studio Mashinani project, and setting up of a Film School at the Konza Technopolis will be completed.

# 1132 State Department for Sports

## **PART A. Vision**

A global leader in sports.

## **PART B. Mission**

To develop and promote sports through provision of world class sports facilities, nurturing of sports talents and promotion of clean competitive sport for socio-economic development.

## **PART C. Performance Overview and Background for Programme(s) Funding**

The mandate of the State Department for Sports is to develop, manage and implement the sports policy; promote and coordinate sports training and education; regulate sports; develop and manage sports facilities; and establish and manage sports academies to nurture talent.

The State Department was allocated Kshs. 15 billion, Kshs. 8.8 billion and Kshs. 16.5 billion for FY 2019/20, 2020/21 and 2021/22 against actual expenditure of Kshs. 10.8 billion, 8.3 billion and Kshs. 15.7 billion respectively. This represents an absorption rate of 72 %, 93.2% and 95.15 %.

During the period under review, the State Department made the following achievements: facilitated 52 teams to represent the country in various competitions at regional, continental, world Championships; hosted twelve (12) sports championships; completed 4 presidential flagship projects (Jomo Kenyatta Stadium in Kisumu, Posta Jamhuri Grounds in Nairobi, Wanguru Stadium in Kirinyaga County and Kirigiti Stadium in Kiambu County); and completed the construction of Phase I of the Kenya Academy of Sports Complex.

The State Department faced the following challenges during implementation of budget: inadequate data in the sector to quantify the socio-economic contribution of Sports and the Arts; unregulated food supplements industry and traditional herbs used by the Kenyan athletes poses a risk for athletes testing positive for prohibited substances; inadequate human capital due to slow pace in succession planning and management coupled with an aging workforce and an embargo on hiring new staff; low level of literacy by most Kenyan athletes impacts negatively on the understanding of anti-doping information; lack of a WADA accredited laboratory in Kenya making testing of athletes expensive; technological advancements on doping practices makes it difficult for timely detection of use of prohibited substances and methods; improper records management practices and limited access to information has negatively affected delivery of services; emergence of unlicensed athlete support personnel poses a risk of exposing the athletes to dangers of using performance enhancing substances; establishment of unregulated sports academies and stadia compromising standards of operation and professional training of athletes exposing them to exploitation and deterring them from achieving full potential; and lack of clear linkage between the National Government and County Governments in the implementation of sports functions.

The State Department over the Medium Term 2023/24-2025/26 will endeavor to host and participate in a number of international sports competitions such as the World Rally Championship – Safari Rally, World Athletics Continental Tour, Magical Kenya Golf Championship, Africa Games, 2023 IAAF World Championship, Youth Africa Games, 2024 Paris Olympics and Paralympics Games among others. The Department will be

# 1152 State Department for Energy

## **PART A. Vision**

Affordable quality energy for all Kenyans.

## **PART B. Mission**

To facilitate provision of clean, sustainable, affordable, competitive, reliable and secure energy services at least cost while protecting the environment.

## **PART C. Performance Overview and Background for Programme(s) Funding**

The mandate of the State Department for Energy includes: national energy policy development and management; thermal power development; rural electrification; energy regulation, security and conservation; hydro-power development; geothermal exploration and development; and promotion of renewable energy technologies.

During the period under review, the approved total budget for the Energy sub-sector increased from KShs.62.5 billion in FY 2019/20, to KShs.79.2 billion in FY 2020/21 and dropped to KShs.65.6 billion in FY 2021/2022. The actual expenditures in FY 2019/20, FY 2020/21 and FY 2021/22 were KShs.56.4 billion, KShs.61.8 billion and KShs.46.9 billion respectively. This represents absorption rates of 90%, 78% and 71% for FYs 2019/20, 2020/21 and 2021/22 respectively.

Major achievements during the review period include: 365MW of electricity installed; fourteen (14) geothermal wells drilled; increased steam equivalent by 25.66MW; two (2) coal exploration wells drilled, 719Km of transmission lines constructed; 5 new high voltage substations completed; 1,358Km of medium voltage distribution lines and 29 distribution substations constructed; new connections increased by 1,863,584. Further, 53,949 street lighting points were installed; The Kenya Nuclear Human Resource Strategy, 2022 was completed; 4 potential nuclear power sites identified; 246 people trained in nuclear-related courses; 16 education programs and 21 media broadcasts on nuclear done. In Addition, 102,255 stand-alone solar home systems and 8,307 clean cooking solutions installed; 375 domestic biogas plants installed; 13 water pumping solar systems installed; 60 woodlots established; 441 hectares of hydro dam catchment areas rehabilitated; 44 counties trained on energy planning; and 9 charcoal kilns installed.

Major challenges encountered during the review period included: way leaves and project sites acquisition challenges, litigation affecting project implementation progress; non-payment of electricity bills and maintenance costs; damage of underground network by other utilities; vandalism of energy infrastructure creating an additional cost for maintenance, security and restoration. In order to address the implementation challenges the following mitigation measures may be considered: Increase in budgetary support for energy sub-sector; adoption of innovative alternative financing models such as Public-Private Partnerships; enhance new renewable energy technologies such as mini-grids, stand-alone solar systems among others to serve off-grid areas; diversify the energy mix to promote energy security and reduce energy cost; ensure effective stakeholder engagement and management; enhancement of cyber security initiatives in protecting the energy infrastructure; and create adequate and effective human capacity for projects management.

The key medium term services and outputs for FY 2023/24 - 2025/26 to be achieved include:

## 1152 State Department for Energy

drill 15 geothermal wells; train 90 officers on nuclear-related courses; construct 289 Km of transmission lines and 6 transmission substations; construct 525 Km of distribution lines and 12 distribution substations; connect to electricity 800,000 new customers and 1,500 public facilities; install 30,000 street lighting points; install 190 solar water pumps in off-grid areas; plant and maintain 350 hectares of hydro dams water catchment areas with trees; construct 1,203 institutional and household biogas plants; and finalize KOSAP projects in off-grid areas among others.

The State Department experienced challenges which include: inadequate funding; delays in approval of policies, bills and regulations; effects of climate change and emergence of trans-boundary pests; escalating prices of agricultural inputs and food commodities in the global economy which affected the schedule of planned activities. The State Department addressed these challenges by re-prioritizing its activities and increasing cost efficiency in resource utilization.

The State Department has been allocated KSh.46.7 billion, KSh.40.8 billion and KSh.42.4 billion in FY 2023/24, FY 2024/25 and FY 2025/26 respectively. During the Medium-Term 2023/24-2025/26, the State Department intends to implement the Bottom-up Economic Transformation Agenda (BETA) priorities. # 1173 State Department for Cooperatives

## **PART A. Vision**

Sustainable social and economic development through Cooperatives

## **PART B. Mission**

To promote sustainable Cooperatives sector through capacity building and provision of appropriate policy, legal and institutional framework

## **PART C. Performance Overview and Background for Programme(s) Funding**

The State Department is mandated to establish cooperative policy, standards and implementation; promotion of cooperative production and marketing supervision and oversight over cooperative Societies; cooperative savings, credit and other financial services policy; cooperative legislation and support services; cooperative education and training; cooperative audit services and cooperative financing policy.

The approved budget for Financial Years 2019/20, 2020/21 and 2021/22 was KSh.5.2 billion, KSh.1.7 billion and KSh.1.9 billion respectively. The period recorded expenditures of KSh.5.1 billion, KSh.1.7 billion and KSh.1.9 billion respectively. This translates to absorption rates of 99%, 99% and 101%. The over expenditure in the FY 2021/22 was as a result of budget rationalization.

Key achievements during the period under review include: reviewed the National Cooperative Policy; restructured the Kenya Planters Cooperative Union Limited for administration of the Coffee Cherry Advance Revolving Fund (CCARF). The CCARF was provided with seed capital of KSh.3 billion. The State Department also modernized the New Kenya Cooperative Creameries (NKCC) to increase processing capacity from 0.35 million to 0.72 million litres of milk per day; and increased Cooperative Sector savings from KSh.637 billion to KSh.802 billion in the FY 2019/20.

The State Department faced challenges which include weak governance in cooperative organizations and low savings culture. The proposed interventions to address these challenges include enforcement of good governance and accountability in the Cooperative Sector as well as inducing good savings culture in cooperatives.

The major outputs planned for the Medium Term period FY 2023/24-2025/26 include: comprehensive legislative review to align cooperative legal framework with the National Cooperative Development Policy; modernization and expansion of NKCC and dairy cooperatives to engage in value addition. The Department intends to carry out individual/MSMEs farmers aggregation into cooperative through sensitization of counties and key stakeholders on aggregation of value chains; capacity building for County Cooperative Sector staff and leaders on cooperative legislation and governance; development of prudential standards, model by-laws, guidelines and manuals for various cooperatives value chains; formation of cooperative unions and federations in various value chains and promotion of joint ventures; and value addition and market access in cooperatives.

# 1174 State Department for Trade

## **PART A. Vision**

A global leader in trade promotion.

## **PART B. Mission**

To facilitate trade and regional integration by championing an enabling environment for domestic and export trade to thrive.

## **PART C. Performance Overview and Background for Programme(s) Funding**

The mandate for the State Department for Trade broadly entails promotion and development of domestic and international trade with a view to broadening our export base as well as ensuring fair trade practices and consumer protection. The State Department implements four programmes: Domestic trade, fair trade practices and compliance of standards, international trade development and promotion and general administration, support services and planning.

In the FYs 2019/20, 2020/21 and 2021/22 the State Department for Trade was allocated Kshs.1.7billion, Kshs.3.5billion and 4.9billion respectively. The total expenditure over the same period was Kshs.1.6billion, Kshs.3.3billion and 4.7billion respectively which translates to 93.8%, 94.1% and 95.9% of the budget estimates absorption.

The major achievements realized during the period under review include: increase in the value of whole sale and retail trade from Ksh.727.6 billion in 2020 to Ksh.784.7 billion in 2021; increase in the value of Kenya's exports by 24.6% from Kshs. 596.7 billion in 2019 to Kshs. 743.7 billion in 2021; operationalization of one hundred and seventy eight (178) Constituency Industrial Development Centres (CIDs); and calibration of the rail tankers from Kenya Railway totaling to 121.

Key challenges encountered during the period under review include: the influx of sub-standard counterfeit and contra-band products into the local market through the porous border points thus reducing the market share for locally manufactured goods; increased protectionism in the global market through setting of high standards and requirements thus making it difficult for Kenya's products to penetrate the foreign market; and the effects of the Covid-19 global health pandemic that resulted in unprecedented economic crisis due to shut down of economic boundaries as a means of containing the pandemic.

The FY 2023/24 and the Medium Term Budget will focus on implementation of BETA (Bottom Up Economic Transformation Agenda) through implementation of value chains, enhancement of its Commercial Diplomacy agenda, enhancement of fair trade and consumer protection; promotion of domestic trade. The major outputs expected in the medium term are: increased exports earnings; enhanced fair trade practices and consumer protection; and increased number of export markets and products.

During the FY 2019/20-2021/22 period, the State Department budget allocation under recurrent was KSh.29.4 billion, KSh.30.5 billion, and KSh. 33.9 billion against actual expenditure of KSh.28.72 billion, KSh.30.2 billion and KSh. 33.4 respectively. This reflect absorption rates of 97.8%, 99%, and 98.5% .The allocation allocation under development was KSh.14 billion, KSh. 2.3 billion, and KSh. 3.3 billion, against actual expenditure of KSh.12.2billion, KSh. 1.3 billion and KSh. 2.1 billion. This reflect absorption rates 87.1%, 56.5%, and 63.6%.

Major achievements in the period under review include: empowered 149,197 Community Self-Help Groups through mobilization, registration, capacity building and linked them to MFIs for financial support; supported 9,995 Persons with Disabilities (PWDs) with assistive devices to improve mobility and increase socio-economic participation; supported 727 groups of Persons with Disabilities for economic empowerment; coordinated and held 48 Kenya Children Assemblies annually at the 47 counties and 1 National Assembly to promote and sustain child participation; supported 22,300 Older Persons and Vulnerable Children(OVCs) through the Presidential Bursary to ensure enrollment, retention and completion of their secondary school education.

The main challenges faced by the State Department during implementation of programmes and budget execution include: slow pace in finalization of legal and policy framework in the social protection sector by some stakeholders; low implementation of the National Action Plan on Accessibility and Disability rights; and the Street Families Rehabilitation Trust Fund. It also initiated development of mineral value addition centers in Kakamega targeting gold, Vihiga targeting Granite and Kisii targeting Soapstone. In addition, the Department undertook geological mapping and exploration with the aim of de-risking investments in mining by providing baseline data to potential investors. This led to discovery of Coltan deposits that will further be assessed for commercial viability in the coming financial years. The department undertook the National Airborne Geophysical Survey project through Multi Agency approach with other government agencies. The project will be progressed further in the medium term plan through undertaking ground truthing activities. Further, reforms in licensing and concession management were initiated through the introduction of an online mining cadastre portal and licensing platform to enhance transparency, accountability and improve ease of doing mining business in Kenya. Further, the Department equipped the Mineral Certification Laboratory to enhance the country's testing capabilities, support exploration and mining companies by cutting down on turnaround times experienced while sending mineral samples overseas for testing.

The State Department encountered various challenges during implementation which include: high capital investment required to implement mining projects; scarce information on mineral reserves; inadequate data on seismicity to inform design of resilient engineering infrastructures; community conflicts; inadequate local technical professionals; volatility in global prices; high maintenance cost for specialized equipment; high local energy cost; illegal use of explosives and dangerous chemicals; and high incidences of insecurity in project areas. To address the above challenges, the State Department recommends the following: human resource capacity development; fast tracking development of a long-term mining strategy; development and implementation of a strategic framework for engaging stakeholder; and establishment of a Kenya National Seismological Network.

The State Department focus in the FY 2023/24 and the medium-term will be on undertaking legal, legislative and institutional reforms aimed at aligning the sector to Bottom-Up Economic

# 1193 State Department for Petroleum

## **PART A. Vision**

A leading institution in sustainable development of oil and gas.

## **PART B. Mission**

To enhance commercialization of discoveries, develop requisite skills and infrastructure for production in the Oil and gas sector and improve access to competitive, reliable and secure supply of petroleum products.

## **PART C. Performance Overview and Background for Programme(s) Funding**

The mandate for the State Department for Petroleum includes developing Petroleum Policy; Strategic Petroleum stock management; Management of Upstream Petroleum Products Marketing; Oil and Gas Exploration Policy Development; Oil and Gas Sector Capacity development; Petroleum products, import/export/marketing policy Management; Licensing of Petroleum Marketing and Handling; Quality Control of Petroleum Products and Development of policy on Oil and Gas Industry.

During the review period, the approved budget for the State Department increased from Kshs.4.2 billion in FY 2019/20 to Kshs.5.6 billion in FY 2020/21, further increasing to Kshs.84.4 billion in FY 2021/22 (combined with the State Department for Mining under the Ministry of Petroleum and Mining). The actual expenditure for the State Department increased from Kshs.3.5 billion in FY 2019/20 to Kshs.5.1 billion in FY 2020/21, further increasing to Kshs. 82.6 billion in FY 2021/22. The actual expenditures as a percentage of total approved budgets were 83%, 89% and 98% for FYs 2019/20, 2020/21 and 2021/22 respectively.

During the period under review, the following milestones were realized: South Lokichar Field Development Plan (FDP) was updated and submitted; Geoscientific Data acquisition was undertaken in Blocks L19A and L16; Environmental and Social Impact Assessment (ESIA) and Front End Engineering and Design (FEED) reports for Lokichar Lamu Crude Oil Pipeline were completed and approved by National Environment Management Authority (NEMA); five sets of Petroleum Regulations were drafted; Mlima-1 well in Block L11B offshore Lamu Basin was drilled; adjudication and award of tenders for importation of 19,216,000 metric tonnes of petroleum products distributed through the Kenya Pipeline Company (KPC); and a total of 415,032 barrels of crude oil was produced and trucked to Kenya Petroleum Refineries Limited (KPRL) storage and 240,000 barrels of crude oil were exported under Early Oil Pilot Scheme (EOPS). Further, 61,758 samples of petroleum products were tested to mitigate against adulteration and diversion of petroleum products meant for export.

Implementation of the State Department programmes and sub - programmes was hampered by a number of challenges; both external and internal. The main challenges encountered during the review period includes delays in the finalization of Field Development Plan for the South Lokichar Oil field, suspensions of trucking of early oil due to heavy rains destroying roads in a number of counties, declaration of a purported Force Majeure notice by the KJV partners in May 2020 which affected field operations including production of the crude oil for Early Oil Pilot Scheme (EOPS), Covid-19 pandemic hindering most of the field activities. Further, cases of adulteration have continued to resurface despite EPRA's enhanced Fuel Monitoring exercises. These cases could be attributed to smuggling of products from neighboring countries due to high fuel prices in Kenya. Cases of dumping have also been

## 1193 State Department for Petroleum

noted to increase. There was also notable decline in demand for products in the transit market following movement containment measures in the neighboring countries. In order to address the challenges highlighted above, the following mitigation measures will be undertaken: Engage the community through sensitization programmes for buy – ins of oil, and gas projects; application of the provisions of the Petroleum Act, 2019 to address the revenue sharing concerns and formulation of a royalties sharing framework; Negotiation with Kenya Joint Venture operator to withdraw the purported Force Majeure and enhancement of institutional capacity in the State Department through continued implementation of capacity building programmes.

In the medium-term 2023/24-2025/26, the State Department has prioritized programs and sub programs intended to provide policy, legal and institutional framework for exploration, development, production, and commercialization and ensure security of supply of oil and gas products for sustainable development. In this regard, the State Department will finalize the Field development Plan for the South Lokichar Oil field; review, demarcate and gazette a new Block Map in view of the anticipated bid rounds during the period; construct a water pipeline from Turkwel to the South Lokichar Oil field. Further, the State Department will drill one exploratory well and about 200 development wells; acquire 3D multi-client data in the shallow offshore of Lamu basin; undertake fuel marking of 79,500 samples of petroleum products to test for adulteration to mitigate against incidences of fuel adulteration and diversion of products meant for the export market. To ensure supply of quality petroleum products the State Department in conjunction with Energy and Petroleum Regulatory Authority (EPRA) will monitor petroleum quality standards to ensure compliance and address issues of substandard petroleum dispensing and storage sites. In addition, the State Department will facilitate the distribution of 64.5 million metric tonnes of petroleum products. The State Department will implement initiatives to ensure security of supply of petroleum products in the country and the region. The initiatives include holding the industry stakeholder engagements on petroleum supply strategies; scheduling of vessels at Kipevu Oil Terminal (KOT), Shimanzi Oil Terminal (SOT) and Vitol Tank Terminal International (VTTI); coordinating implementation of Open Tender System (OTS) to ensure that Oil marketing companies are in compliance with the system and; compilation of petroleum statistics. Over the medium-term period, promotion of LPG uptake through Mwananchi Gas project will facilitate use of clean energy and protect the environment. Purchasing and distribution of 470,000 - 6kg LPG cylinders to low-income households will undertake this initiative.

# 1202 State Department for Tourism

## **PART A. Vision**

A vibrant, innovative and resilient tourism industry supported by sustainable resource base.

## **PART B. Mission**

To facilitate good governance for sustainable development, management and marketing of tourism.

## **PART C. Performance Overview and Background for Programme(s) Funding**

The mandate of the State Department for Tourism is the promotion and development of tourism. This entails among others: tourism policy management, tourism promotion and development; and integration of tourism products and services.

During the period under review, the State Department is allocation was KShs. 9.7 billion, KShs. 9.5 billion and KShs.8.2 billion in FY 2019/20, FY 2020/21 and FY 2021/22 respectively. Actual expenditure amounted to KShs. 6.6 billion, KShs. 8.5 billion and KShs. 8.1 billion in FY 2019/20, FY 2020/21 and FY 2021/22 respectively. This translates to an absorption rate 68.0%, 89.5% and 98.8% respectively.

Key achievement during the period under review include: implementation of tourism and travel health and safety protocols, post Covid-19 recovery strategies and the New Tourism Strategy for Kenya 2021 which yielded a 70% growth in tourist arrivals in 2022. Similarly, tourism earnings increased by 80% to KShs. 268 billion in 2022 while domestic bed nights experienced a 38% growth to 5.73million in 2022. The year 2021 heralded recovery of Meetings, Incentives, Conferences & Exhibitions (MICE) as witnessed by the 942% growth and 771% growth in international and local conferences to 292 and 9,093 respectively. The improved performance can be attributed to growth in aviation, investor's confidence, withdrawal of travel advisories, visits by foreign dignitaries, high profile international conferences meetings held. Other achievements include operationalization of Tourism Promotion Fund whose total allocation during the period under review was KShs. 6.2billion, out of which KShs. 2.5billion was expended to fund several projects as well as 76% completion of Ronald Ngala Utalii College.

The Tourism Industry faced several challenges which were addressed through concerted efforts between different players. These included the Covid-19 pandemic and resultant challenges due to lock down and restriction in movement both locally and internationally, security threats, environmental challenges, inadequate infrastructure and inadequate funding. Among the measures that were put in place to mitigate these challenges are the allocation of Tourism Promotion Fund to supplement funding from the Exchequer, development of Mama Ngina Waterfront as a niche product, collaboration with other partners in areas of insecurity and environmental challenges.

Over the next Medium Term, the State Department will focus on Bottom Up Economic Transformation Agenda (BETA) priority areas for tourism. The priorities are: tourism branding

## 1202 State Department for Tourism

and marketing, development of tourism niche products, digitization, tourism infrastructure; and promoting affordable and accessible travel across Kenya for independent travelers. Among the prioritized projects are completion of Ronald Ngala Utalii College to pave way for the operationalization of the college and continued funding of Tourism Promotion and Marketing to increase tourist arrivals and earnings.

# 1212 State Department for Gender and Affirmative Action

## **PART A. Vision**

A just, fair and transformed society free from gender based discrimination in all spheres of life.

## **PART B. Mission**

To coordinate gender mainstreaming in national development planning and promote equitable political and social-economic development for women, men, girls and boys.

## **PART C. Performance Overview and Background for Programme(s) Funding**

The State Department for Gender and Affirmative Action is mandated with the core functions of gender policy management, special programs for women's empowerment, policy and programmes for Gender Based Violence and domestication of international treaties and conventions on gender.

In the FY 2019/20-2021/22 period, the State Department budget allocation was Kshs.4.3 billion, KShs.3.3 billion, and Kshs.4 billion against the actual expenditure of Kshs.4 billion, KShs.3.3 billion, and KShs.3.5 billion respectively. This represent absorption rates of 93%, 99% and 88%.

Major achievements during the period under review include: National Government Affirmative Action Fund (NGAAF) financial support to vulnerable members of the society through disbursement of KShs. 387.6 million bursary to 35,141 needy students; disbursed KShs. 3,8 million to 1,823 groups for social economic development and 1,230 groups for value addition initiatives and supported 250, 381 beneficiaries with a total amount of KShs. 969.2 million for county-wide projects; Women Enterprise Fund (WEF) disbursed loans worth Kshs.3 billion to women groups benefiting 10,566 self-help groups after trainings on Access to Government Procurement Opportunities (AGPO) and linking to Local Purchase Order (LPO) financing; campaigns against Gender Based Violence (GBV) which sensitized 7,600 men and women; coordinated national launch and celebration of 16 days of activism against GBV, 370 capacity built on duty bearers at sub-county levels; procured and distributed dignity kits to GBV survivors; support to refurbishment of safe and protective spaces in Migori and Nairobi counties; and activation of Generation Equality forum (GEF) Kenya commitments.

The main challenges faced by the State Department during implementation of programmes and budget execution include: inadequate funding and technical staff for implementation of programmes and projects; persistence, resistance, and discriminatory social cultural norms that perpetuate GBV /FGM practice; insecurity and poor accessibility of the remote villages where GBV /FGM prevalence is high due to difficult terrain and poor road networks, inadequate gender statistics; technical capacity for County Gender Officers and Focal Persons thus affecting policy decisions; National Government Affirmative Action Fund does not have a provision for recurrent expenditure; Covid-19 pandemic disruption on business especially SMEs presents an uncertain future for both disbursement and training of women on entrepreneurship and loan repayments by women; and inadequate support to implement the not more than 2/3 gender principle in both appointive and elective leadership positions.

In the FY 2023/24-2025/26 period, the State Department will focus on the implementation of the Bottom -UP Economic Transformation Agenda (BETA) especially through the Affirmative Action whereby the National Government Affirmative Action and the Women Enterprise

The core mandate of the Judiciary is resolution of disputes.

The Judiciary budgetary allocation for the FY 2019/20, 2020/21 and 2021/22 amounted to KShs.16.96 billion, KShs.17.13 billion and KShs.18.56 billion. The actual expenditure during the period was KShs.16.26 billion, KShs.16.03 billion and KShs.17.45 billion, translating to absorption rates of 96% in FY 2019/20 and 94% in both FY 2020/21 and FY 2021/22. The absorption for recurrent budget has averaged at 99% for the period under review with 100% in FY 2019/20, 99% in FY 2020/21 and 98% in FY 2021/22. Development absorption averaged at 71% with 79% in FY 2019/20, 65% in FY 2020/21 and 70% in FY 2021/22.

The achievements during the period included increased access to court services through construction of courts, 1 Court of Appeal (COA) and 1 High Court (HC) initiated; 8HCs and 3 Magistrate Courts (MC) completed; refurbishment of 7 HCs, 19 MCs and 3 Tribunal offices; establishment of 13 new stations (11 Environment and Land Courts and 2 Employment and Labour Relations Courts), 5 COA registries and 4 HC sub-registries. Expedious delivery of Justice through 94 court circuits and 5 additional magistrates mobile courts established, training of 243 mediators, recruitment of 64 Magistrates and 897 staff, 12 Small Claims Courts designated and 12 Mediation registries established; and in digitization of court proceedings, 38 courtrooms fitted with Transcription solution.

During the period under review, the Judiciary experienced various challenges which include: low budget allocations affecting court constructions, judges' benches, operationalization of Small Claims Courts, Court Annexed Mediation, Alternative Justice System and pro bono scheme; recruitment of Judges, Judicial officers and staff; inability to gazette court stations; under-funding of National Council on Administration of Justice; lack of requisite ICT infrastructure and capacity by justice chain players; and lack of legal framework anchoring operations of Tribunals in the Judiciary as envisaged in the Constitution. The challenges were addressed through: implementation of focused comprehensive approach to automation in liaison with justice chain players; strengthening of partnerships and collaborations with stakeholders; and prioritization of active projects to ensure efficient budget utilization especially under Development vote.

Over the medium term period 2023/24 – 2025/26 the Judiciary's priorities include: achieve Case Clearance Rate of 100%; 50% of case backlog aged 3 years and above cleared; expansion of Small Claims Courts to 60 stations; completion of ongoing court constructions/refurbishments, accreditation of 600 mediators; establishment of sub-registries; conducting 180 mobile courts; and leverage ICT in registry, court and administrative operations through the Judiciary Digital Strategy.

# 1271 Ethics and Anti-Corruption Commission

## **PART A. Vision**

Integrity Driven Kenyan society

## **PART B. Mission**

To promote integrity and combat corruption through law enforcement, prevention and education

## **PART C. Performance Overview and Background for Programme(s) Funding**

The Ethics and Anti-Corruption Commission (EACC) is established under Section 3 (1) of the Ethics and Anti-Corruption Act, 2011 and is mandated with combating and preventing corruption and economic crimes through law enforcement, preventive measure, public education and promotion of standards and practices of integrity, ethics and anti-corruption.

During the period under review 2019/20 to 2021/22, the Commission's approved budget was KShs. 3.1 billion, KShs. 3.3 billion and KShs. 3.6 billion respectively. The actual expenditure during the same period was KShs. 3 billion, KShs. 3.3 billion and KShs. 3.5 billion which represents an average absorption rate of 99%.

During the period 2019/20 to 2021/2022, the Commission completed investigation of 435 corruption and Economic Crime cases; 290 files were finalized on ethical breaches on high impact cases and disrupted 64 corruption incidences thereby seizing approximately KShs. 20.2 billion. Additionally, the Commission traced 146 corruptly acquired assets valued at KShs. 20.7 billion. The Commission reached out to 42 million people through public education and awareness; 51 system review reports were completed and 3,291 advisories issued to various government agencies; 3,020 integrity officers and 3,035 corruption prevention Committee (CPCs) members were trained, approved 79 codes; issued 1,599 advisories, notices and cautions; and processed 38,564 integrity verification.

The Commission faced challenges during budget implementation due to rise in demand for EACC services which resulted to backlog of cases, human physical capacity, inadequate technical capacity and equipment. The Commission addressed the challenges by prioritizing cases (high impact cases) and undertaking related activities by use of technical expert/equipment from other Ministries, Department and Agencies.

During the medium term period 2023/2024-2025/2026, the Commission projects to: investigate 684 corruption and economic crime cases; finalize 516 files on ethical breaches on high impact cases and disrupt 64 corruption incidences thereby seizing approximately KShs. 28 billion. Additionally, the Commission will trace 210 corruptly acquired assets valued at KShs. 17.1 billion. In bid to create public awareness, the Commission will reach out to 30 million people through public education and awareness; to beef up this strategy, 67 system review reports will be completed and 3,200 advisories issued to various government agencies; and 3,600 integrity officers and 1500 corruption prevention Committee (CPCs) members will be trained. Moreover, the Commission will endeavour to enhance ethics and compliance services through approving of 67 codes; issue 3,500 advisories, notices & cautions; and process 27,500 integrity verification.

## PART B. Mission

To safeguard the Republic of Kenya from internal and external threats, through the provision of security intelligence and counter intelligence, to enhance national security in accordance with the constitution.

## PART C. Performance Overview and Background for Programme(s) Funding

The National Intelligence Service (NIS) derives its mandate from the Constitution of Kenya 2010, Article 242. This mandate has been operationalized through the National Intelligence Service (NIS) Act, 2012. The NIS is responsible for security intelligence and counter-intelligence in order to enhance national security in accordance with the Constitution, and perform any other functions prescribed by national legislation.

During the period under review, NIS was allocated KSh.41.7 billion in FY 2019/20, KSh.45.6 billion in FY 2020/21, and KSh. 47.2 billion in FY 2021/22 respectively. During the same period, the actual expenditure was KSh.38.3 billion, KSh.44.8 billion and KSh. 47.2 billion respectively. This represents absorption rates of 92%, 98% and 99% in FY 2019/20, FY 2020/21 and FY 2021/22 respectively.

During the FY2019/20 - 2021/22 period, the NIS delivered its mandate by providing timely and actionable intelligence, and undertaking effective counter intelligence. This has led to a secure and protected nation where all Kenyans live and prosper through the attainment of national development goals. In addition, these outputs added value to the decision making process by the Government. The Service also recruited, trained and retained professional personnel in various fields which has enabled the Service to maintain acceptable levels of professional readiness.

Despite the achievements, the Service faced various operational challenges that include; rapid technological changes, high cost of maintenance of equipment and systems and constrained resource requirement due to increased security operations.

During the Medium-Term period FY2023/24 - 2025/26, the Service will seek to provide timely and actionable intelligence and conduct effective intelligence in order to secure and protect the nation.

# 1291 Office of the Director of Public Prosecutions

## **PART A. Vision**

A just, fair, independent and responsive prosecution service.

## **PART B. Mission**

To provide an impartial, effective and efficient prosecution service to all.

## **PART C. Performance Overview and Background for Programme(s) Funding**

The Office of the Director of Public Prosecutions (ODPP) was established under article 157 of the Constitution of Kenya, 2010 with a mandate to institute, conduct and supervise prosecutions and related proceedings. The ODPP is a key player in the Criminal Justice System and the success of its core mandate is dependent on the successful participation and cooperation of other actors in the justice system.

Over the medium-term period FY2019/20 – FY2021/22, the ODPP was allocated KShs.3.3 billion in FY2019/20, KShs.3.3 billion in FY2020/21 and KShs. 3.5 billion in FY2021/22. Actual expenditure during the period was KShs.3.1 billion in 2019/20, KShs.3.2 billion in FY2020/21 and KShs.3.4 billion in FY2021/22. The overall absorption rate shows an improvement, from 94.7% in FY2019/20 to a high of 98.5% in FY2021/22.

During the period under review the ODPP achievements include: the total numbers of matters handled (caseload) were 329,485, 477,572 and 315,664 respectively. The conviction rates for the three reporting periods were 92.2%, 93.3% and 91.1% respectively. There was a 33.9% decrease in the caseload down from 477,572 matters in 2020/2021 to 315,664 matters in 2021/2022. This decrease is attributed to among other factors:- the high number of cases registered as a result of Covid-19 related offenses; adherence to the decision to charge guidelines ; alternatives to prosecutions such as Plea Bargain and Diversion; digitization of cases registered ; sensitization of members of the public during community dialogues.

Despite the achievements, the Office faced challenges in the course of budget implementation that includes; inadequate budget allocation, inadequate witness & victim facilitation; human resource capacity gap, limited capacity to prosecute complex crimes, nor responsive laws which is not sufficiently applicable to new emerging crimes and technological advancements. The ODPP addressed the challenges by engaging various stakeholders to enhance development and operational budgetary allocation to facilitate recruitment of a wider pool of experts including forensic analysts, researchers, medical experts and cyber security experts and setting up of a fully-fledged witness and victims facilitation unit.

For the medium term 2023/24-2025/26 the ODPP will focus on improving the prosecution service, with a view of working towards the fight against corruption, expeditious handling of files from investigative agencies, facilitation of victims and witnesses, prosecution of hate speech and electoral offenses, full operationalization of the Prosecutors Training Institute, rolling out to Uadilifu Case Management System in all ODPP stations across the Country, improving the case conclusion rates, improving the capacity of prosecutors to handle emerging crimes among other initiatives.

# 1311 Office of the Registrar of Political Parties

## **PART A. Vision**

A model regulator of political parties for a credible democratic system

## **PART B. Mission**

To promote the realization of political rights through registration and regulation of political parties in Kenya

## **PART C. Performance Overview and Background for Programme(s) Funding**

The Office of the Registrar of Political Parties (ORPP) is established by the Political Parties Act, 2011 with the mandate to register and regulate political parties as well as administer the Political Parties Fund (PPF).

During the MTEF period 2019/20–2021/22, the Office of the Registrar of Political Parties was allocated KShs.1.2 billion in FY 2019/20, KShs.1.3 billion and KShs.3.3 billion in FY 2020/21 and FY 2021/22 respectively. The actual expenditure during the same period was KShs.1.2 billion, KShs.1.3 billion and KShs.3.2 billion translating to absorption rates of 97.8%, 99.1% and 95.8% respectively.

During the period under review, the Office developed Political Parties (Amendment) Bill, 2021 which has since been assented into law. The office developed Political Parties (Registration) Regulations, 2019 and Political Parties (Funding) Regulations, 2019. The Office received 1,453 name search applications, 269 were reserved/approved for use and 1,184 were rejected. The Office received 59 applications for provisional registration out of which 48 applicants met the set-out criteria and were provisionally registered. The Office received 33 applications for full registration out of which 21 met the threshold and were fully registered. ORPP reviewed submitted agreements and documents and two (2) applications of coalition of political parties were approved and deposited with the Registrar.

During the period under review, ORPP experienced some challenges which include inadequate staff, inadequate funding and being enjoined in many legal cases involving inter and intra political parties in both Political Parties Disputes Tribunal (PPDT) and courts. The office continues to engage relevant stakeholders to address these challenges.

During the FY 2023/2024 and the Medium-Term, ORPP will process applications for both provisional and full registration, propose legal reforms, carry out routine compliance checks on political parties to ensure compliance with the PPA 2011, develop regulations and policies to guide political parties, capacity build political parties on various issues, create public awareness/political education, enhance the dialogue platform with the PPLC as well as disseminate reports on post-election to stakeholder.

# 1321 Witness Protection Agency

## **PART A. Vision**

A world class witness protection Agency

## **PART B. Mission**

To promote the rule of law by offering efficient and effective witness protection services in Kenya

## **PART C. Performance Overview and Background for Programme(s) Funding**

The mandate of the Agency is to provide special protection, on behalf of the State, to persons in possession of important information and who are facing potential risk or intimidation due to their co-operation with prosecution and other law enforcement agencies.

The approved budget of the Agency was KShs.481.6 million in FY2019/20, KShs.462.5 million in FY2020/21 and KShs.491 million in 2021/22, likewise the actual expenditure was KShs.477.7 million in FY2019/20, KShs.462.1 million in FY2020/21 and KShs.491 million in FY2021/22 with an average absorption rate translating to 99.6%.

During the period under review, the Agency received applications required for witness protection which had reduced from 192 in FY2019/20 to 153 in FY2021/22, total number of dependants in the programme reduced from 170 in FY2019/20 to 108 in FY2021/22, there were no witnesses harmed in the programme. Client satisfaction level from independent survey was at 96.5% in FY2021/22 compared to 92.6% in 2019/20. The Agency participated in Court Users Committee meetings and conducted awareness campaigns across the country including for the Judiciary, ODPP and Police.

During the period under review the Agency experienced several challenges including: Inadequate staff which affected the delivery of the set targets; the Agency has limited geographical presence given the spread of areas under the Agency`s jurisdiction; lack of adequate operational tools including motor vehicles, office furniture and equipment; slow pace of trials contributed to the overstay of witnesses in the Programme and lack of in-court witness protection infrastructure which exposes Agency witnesses.

The Agency has devised ways to mitigate these challenges to improve the delivery of outputs by seeking financial and technical support from development partners and other stakeholders to bridge the financial gap. This includes bilateral and multilateral assistance through new and ongoing programmes. Deliberate efforts have been made to strengthen partnerships with other international development partners as well as lobbying them to fund some of the programmes.

During the Medium Term 2023/24 to 2025/26, the Agency will apply the allocated resources in the following major service outputs; admission of threatened witnesses, maintenance and management of witnesses, testimony in courts of law, resettlement and re-integration of witnesses, enhancing Institutional capacity to support the programme, decentralizing the Agency`s services and enhancing capital for mortgage scheme and maintaining car loan scheme.

# 1331 State Department for Environment & Climate Change

## **PART A. Vision**

A clean, healthy, safe and sustainably managed environment and natural resources.

## **PART B. Mission**

To promote and facilitate good governance in the protection, restoration and management of environment for equitable and sustainable development.

## **PART C. Performance Overview and Background for Programme(s) Funding**

The State Department for Environment & Climate Change was established by the Executive Order No. 1 of 2023 as a Department within the Ministry of Environment and Forestry. Its mandate includes: formulation of national environment policy management; restoration of strategic water towers; protection and conservation of natural environment; pollution control; Lake Victoria climate resilience and environmental management; restoration of Lake Naivasha Basin; meteorological services; conservation and protection of wetlands; and climate change policy formulation and implementation.

During the review period FY 2019/20 - 2021/22, the State Department's key achievements include: finalization of policy documents namely: sustainable waste management policy 2021, the sustainable waste management Act 2022, and the extended producer responsibility (EPR) regulation 2022; domesticated Multi-lateral Agreements (MEAs) namely: Minamata convention on mercury, Kigali Amendment on the phase down of ozone depleting substances under Montreal protocol, Bamako convention on the Ban on import into Africa and the control of Trans boundary movement and management of hazardous waste within Africa and Nairobi convention on the protocol for protection of Western Indian ocean form, land based sources and activities. The State Department also trained 1621 small scale gold miners; operationalized Artisanal Mining Committees in Narok, Kisii, Taita Taveta, Kitui, Siaya and Turkana; and 236,000 stakeholders were sensitized on environmental management; monitored pollution and effluent discharge from facilities across the 47 counties to ensure compliance; reviewed 15,523 audit reports and conducted a total of 1,024 inspection on plastic ban. During the period under review, the State Department continued to provide reliable weather and climate information for decision making through modernization of meteorological services up to 76% by installation of three Airport weather observing system (AWOS) with intelligent sensors in Moi Airport; Laikipia and Moi Airbase; 120 Automatic Weather Stations; two Automatic Water level Station; two hydro-logical modelling work station for flood early warning; 143 automatic rain gauges. The State Department also updated the National Greenhouse inventory; updated Nationally Determined Contributions (NDC) to the UNFCCC in response to climate change and mitigation measures; updated national measurement, reporting and verification MRV registry.

Major challenges encountered in the implementation of the budget include: inadequate funding; inadequate staff; increased pressure on natural resources due to population pressure, effects of climate change and extreme weather conditions; inadequate capacity to recover, recycle, and reuse the various forms of waste. To address these challenges the major strategies to be employed will include: replacement of retiring staff; prioritization of programme activities within the available resources; embracing public private partnership as an alternative funding mechanism; and ensuring compliance with environmental laws and

regulations.

In the Medium Term FY2023/24-2025/26 the State Department has an allocation of KShs.6.2 billion, KShs.6.0 billion and KShs.6.3 billion in FY 2023/24, FY 2024/25 and FY2025/26 consisting of KShs.4.2 billion, KShs.4.0 billion and KShs.4.0 billion under recurrent expenditure and KShs.2.0 billion, KShs.2.0 billion and KShs.2.3 billion under development expenditure respectively. The State Department targets to continue fostering the implementation of climate change mitigation and adaptation strategies; review of Environment Management and Coordination Act; finalize drafting of E-waste, carbon market framework policy act and regulations, and solid waste control bills; review of legislation for restoration fund; gazettment of extended user responsibility regulations; monitor the enforcement of plastic ban in 47 counties; rehabilitation of river riparian areas; supporting incubation and up scaling of green innovations; monitor environmental pollution; incorporating climate change matter in the educational curriculum; improving the capacity in data observation

## **PART A. Vision**

A clean, healthy, safe and sustainably managed environment and natural resources.

## **PART B. Mission**

To promote and facilitate good governance in the protection, restoration and management of Environment for equitable and sustainable development.

## **PART C. Performance Overview and Background for Programme(s) Funding**

The State Department for Forestry was established by the Executive Order No. 1 of 2023 as a Department within the Ministry of Environment and Forestry. Its mandate includes: Forestry Policies Development; Forestry Management; Development of Forestry; Reforestation and Agro-forestry Support in Climate Change Action Policy; and Forest Conservation and Ecological Restoration.

Key achievements during the review period FY 2019/20-2021/22 includes: 8.83% improvement of national forest cover; 12.13% tree cover, produced 41,099 Kgs of quality seeds, raised 316 million seedlings, established 3,975 ha of forest plantation, established 3,174ha of woodlot, & 17,324ha of farm forest, protected 2.6 million ha of closed canopy forest, rehabilitated 49,174 ha of degraded forest, developed & disseminated 80 forest research technologies, established and maintained 6ha of new seed sources and 101ha of existing seed sources, rehabilitated 1,991 ha of degraded water towers, established 117ha of bamboo stock, protected 142,601ha of the water tower and fenced 30kms of water towers.

Major challenges encountered in the implementation of the budget include: inadequate funding; inadequate staff; increased pressure on natural resources due to population pressure effects of climate change and extreme weather conditions; and inadequate capacity to recover, recycle & reuse the various forms of waste. To address these challenges the major strategies to be employed will include: replacement of retiring staff; prioritization of programme activities within the available resources; embracing public private partnership as an alternative funding mechanism; and ensuring compliance with environmental laws and regulations.

The State Department has been allocated KShs.14.4 billion, KShs.14.7 billion and KShs.14.4 billion for the FY 2023/24, 2024/25, 2025/26 respectively out of which recurrent expenditure of KShs.10.1 billion, KShs.11.4 billion and KShs.11.3 billion and capital expenditure of KShs.4.3 billion, KShs.3.3 billion and KShs.3.0 billion allocated over the medium term.

During the medium term FY 2023/24 - FY 2025/26, the State Department targets: to review forestry legislation and policies; improve forest product revenue, undertake national tree planting campaign & forests conservation and management, and charcoal trade; protect 2.6million ha of gazetted public forests; produce 3billion tree seedlings for rehabilitation of degraded forest plantation and commercial woodlots; rehabilitate 150,000 ha of degraded forest areas; establish 45,000 ha of commercial forest; maintain 240km of forest to safeguard against the threat of forest fire outbreaks; maintain 690km of forest roads; establish 500 ha of bamboo stock for bamboo investments and commercialization; develop and disseminate 97 forest research technologies; and produce & distribute 232,000 kgs of tree seeds.

# 2031 Independent Electoral and Boundaries Commission

## **PART A. Vision**

A credible electoral management body that meets the aspiration of the people of Kenya.

## **PART B. Mission**

To conduct transparent, efficient, and impartial elections; and undertake boundaries delimitation for equitable representation and sustainable democracy.

## **PART C. Performance Overview and Background for Programme(s) Funding**

The Independent Electoral and Boundaries Commission (IEBC), is established under Article 88 of the Constitution of Kenya, 2010. The IEBC is responsible for conducting and supervising referendum and elections to any elective body or office established under the Constitution or as prescribed by an Act of Parliament.

During the period under review 2019/20 to 2021/22, the Commission was allocated KSh. 4.8 billion, KSh. 4.9 billion and Ksh. 23.2 billion respectively. The actual expenditure during the same period was KSh.4.6 billion, KSh.4.6 billion, and Kshs 20.1 billion translating to absorption rates of 92%, 96% and 87% respectively. The Commission had an allocation of KSh.75 million in the FY 2019/20 to construct various warehouses across the country with an absorption of KSh.70.5 million. The under absorption is attributed to delayed commencement of the projects.

During the same period, the Commission prepared and forwarded 5 Bills to Parliament; conducted 30 by elections (6 Member of National Assembly, 23 Member of the County Assembly 2 senates) and 8 statutory Elections (Law Society of Kenya, Kenya Institute of Surveying and Mapping, Judicial Service Commission & Kenya Red Cross Society). In addition, the Commission registered 2.7 million new voters, verified 5.3 million voters, trained 1000 advocates from pre-qualified law firms, 207 judicial officials, and 181 political party chief agents on election technology.

There have been challenges of legislation in the area of ICT which has limited the incorporation and adoption of new emerging technological trends in the management of voter registration and results transmission. Considering that technology is ever evolving, the strict and procedural legislative framework curtails the leveraging of the new technologies. In addition, the perception that elections is a onetime event has been a challenge in funding of electoral cycle activities since the priorities of the Government change. This posed challenges in implementation of the pre and post- election activities as well as maintenance of ongoing contracts.

To address these challenges, the Commission has continued to engage stakeholders to continuously finance election related activities and adopting new technologies within the confines of the existing legislation.

During the Medium-Term period 2023/24 to 2025/26, the Commission intends to: review electoral and boundary delimitation laws; undertake boundaries delimitation for Constituencies and County Assembly Wards; map registration and polling centers; conduct surveys on electoral and boundaries review processes; conduct Post Boundary Evaluation; establish an Election Resource Centre; construct IEBC Uchaguzi Centre and complete 4

The Constitutional mandate of the Senate is defined and anchored in Articles 93,94 and 96. Article 96 of the Constitution sets out the specific roles of the Senate. The primary mandate of the Senate is to represent the counties and protect the interests of the counties and their governments as well as participating in the law-making function of Parliament by considering, debating and approving Bills concerning counties. The Senate determines the allocation of national revenue among counties in accordance with Article 217 of the Constitution and exercises oversight over national revenue allocated to the county governments. As part of exercising oversight to county governments, the Senate is mandated to consider and determine a motion for removal from office, by impeachment, of a county governor or deputy governor. This is as provided for at Article 181 of the Constitution, the County Governments Act, and the Senate Standing Orders. In addition, the Senate participates in the oversight of State officers by considering and determining any resolution to remove the President and the Deputy President from office, in accordance with Article 145 of the Constitution.

During the period under review, the Senate was accounted for under the Parliamentary Service Commission Vote. Allocation for the FY 2023/24,2024/25 and 2025/26 is Kshs.7.2billion,Ksh.10.9billion and Ksh.11.5billion respectively for current expenditure.

# 2061 Commission on Revenue Allocation

## **PART A. Vision**

No Kenyan left behind

## **PART B. Mission**

To make reliable recommendations on equitable revenue sharing, revenue enhancement and prudent public financial management

## **PART C. Performance Overview and Background for Programme(s) Funding**

The Commission on Revenue Allocation (CRA) is established under Article 215 of the Constitution of Kenya. The principal function of the Commission is to make recommendations concerning the basis for the equitable sharing of revenue raised by the national government between the national and county governments and among the county governments. The Commission also makes recommendations on other matters concerning the financing of, and financial management by, county governments, as required by the Constitution and national legislation. In formulating its recommendations, the Commission seeks to promote and give effect to the criteria set out in Article 203(1) of the Constitution. When appropriate the Commission is required to define and enhance the revenue sources of the national and county governments; and also, to encourage fiscal responsibility. Further, the Commission is required to determine, publish and regularly review a policy in which it sets out the criteria by which to identify the marginalised areas for purposes of Article 204(2) of the Constitution.

During the period under review 2019/20, 2020/21 and 2021/22 the Commission was allocated Kshs. 364.7 million, Ksh. 318.9 million and Kshs. 446.0 million respectively. The actual expenditure during the review period was Kshs. 359.5 million, Kshs. 313.7 million and 434.1 million representing absorption rates of 97%, 99% and 98% respectively.

Key achievements for the Commission during the year under review include: prepared three recommendations on the basis for the equitable revenue-sharing between the national and county governments for FYs 2019/20, 2020/21 and 2021/22; reviewed six bills on DORB and CARB for the period; and developed one recommendation on the third basis for revenue sharing among county governments. The Third Basis will be used to share revenues over a period of five years (FY 2020/21 to 2024/25) as provided for in Article 217. The Commission also prepared recommendation on County Recurrent Expenditure Ceilings for FY 2019/20, 2020/21 and 2021/22; reviewed 47 County Budgets and 35 County Fiscal Strategy Papers and trained 46 County budget Economic forums. The Commission prepared Status Report on Socio-Economic inequalities in Kenya. In the FY 2020/21 the Commission sought to among other objectives establish and document the current state of inequalities in Kenya across all 47 counties as manifested in various forms.

In the medium term 2023/24- 2025/2026, the Commission plans to give recommendation on the equitable sharing of revenue between national and county governments; participate in macro working group consultations in development of Budget Review Outlook Paper (BROP), Budget Policy Statement (BPS) and Debt Management Strategy (DMS), carry out assessment and analysis of data needs on equitable sharing of revenue with focus on service

The Commission will continue to support Counties in Credit Rating and access to alternative financing while improving their own-source revenue administration, legislation and oversight. On policies identifying marginalized areas, the Commission will undertake regional engagements on the 3rd policy identifying marginalized areas, undertake impact assessment on the status of basic services including water, electricity, roads and health facilities in counties among other plans.

# 2071 Public Service Commission

## **PART A. Vision**

A citizen-centric public service.

## **PART B. Mission**

To transform the public service for efficient and effective service delivery.

## **PART C. Performance Overview and Background for Programme(s) Funding**

In the 2023/24 Financial Year and the medium term, the overall strategic goal of the Commission is to transform the public service for efficient and effective service delivery for national development including an ethical and value-based public service.

During the period 2019/20 to 2021/22, the Commission implemented four programs namely: general administration, planning and support services; human resource management and development; governance and national values; and performance and productivity management. The Commission was allocated KShs.2.4 billion, KShs.2.2 billion and KShs.2.4 billion for the Financial Years 2019/20, 2020/21 and 2021/22 respectively, while the actual expenditure for the same period was KShs.2.2 billion, KShs.2.2 billion and KShs.2.3 billion respectively. This translates to an absorption rate of 94.4%, 98.1% and 96.4% respectively.

During the period under review, the Commission registered key achievements: appointed 7,944 new entrants for Ministries, Departments and Agencies (MDAs), promoted 32,107 officers through succession management Programme, and recruited 9,760 interns; reviewed organizational structures and staff establishment for 48 MDAs; strengthened Commission's legislative and policy framework through gazettment of Public Service Commission Regulations 2020; recommended the appointment of members to Constitutional Commissions and Independent Offices, and senior management officers for public universities and their constituent colleges; supported the National COVID-19 pandemic interventions by recruiting health care professionals; leveraged on ICT to transform the recruitment and selection process from manual system to a fully digital online platform; provided technical support to MDAs and County Governments; prepared and submitted the Commission's annual statutory reports to the President and Parliament on Commission operations in compliance with Article 254(i) of the Constitution and extent of public service compliance with Articles 10 and 232 of the Constitution within stipulated guidelines; and developed and issued various human resource policies and guidelines.

The challenges the Commission experienced during the period under review in budget implementation were: negative Impact of Covid-19 Pandemic; lack of a framework for monitoring performance of public servants under the "Work from home" programme; and additional responsibilities to the Commission through Parliamentary legislations for recruitment of senior management positions in public universities and other statutory bodies has brought additional workload without commensurate resources. To address the challenges, the Commission will set up regional virtual interview centres to reach out to candidates in far flung areas, leverage on Information Technology (IT) and digital platforms to facilitate online interviews of candidates and other Commission programmes; prioritize a robust programme on improvement of ICT infrastructure and facilities; and explore opportunities for engagement with development partners for technical, financial support and

# 2081 Salaries and Remuneration Commission

## **PART A. Vision**

A productive public service that is fairly remunerated

## **PART B. Mission**

To set, review and advise on equitable, competitive and fiscally sustainable remuneration and benefits in the public sector through research and analysis

## **PART C. Performance Overview and Background for Programme(s) Funding**

The Commission is mandated to set and regularly review the remuneration and benefits of state officers as well as advise the National and County Governments on remuneration and benefits of all public officers.

During the financial years 2019/20, 2020/21 and 2021/22 the Commission was allocated Kshs.450.4 million, Kshs.459.7 million and Kshs.621.4 million respectively. The actual expenditure was Kshs.417.8 million, Kshs.442.5 million and Kshs.589.7 million respectively. This translates to absorption rates of 92.8%, 96.3% and 94.9% respectively.

During the period under review, the Commission's major achievements were: issued 737 advice on remuneration and benefits; developed a curriculum on collective bargaining, trained 533 public officers and advised on 71 Collective Bargaining Agreements (CBAs); continued implementing the resolutions of the national wage bill conference; carried out compliance checks in 170 public institutions; developed a curriculum on job evaluation, trained 2,425 public officers; conducted job evaluation for 210 public institutions; and issued grading structures.

The Commission faced various challenges including effects of the Covid-19 pandemic; non-compliance of the Commission's advisories; multiplicity of the determinants of wage bill; misunderstanding of the Commission's role in Collective Bargaining Negotiations (CBNs); lack of centralized payroll data and data mining system; and budgetary constraints that affected the planned activities for the period under review. The challenges will be addressed through continuous stakeholder engagement, capacity building in the public service on wage bill management and continuously engaging the National Treasury for funding of the Commission's activities.

During the medium term 2023/24 to 2025/26, the Commission targets to achieve the following: continue giving advice on remuneration and benefits to various public institutions; management of wage bill by collecting and maintaining factual and up to date data on wage bill; enhance compliance checks on the Commission's advice; develop capacity on remuneration and benefits management; support the implementation of job evaluation and rationalized allowances payable in the public service; develop and advice productivity indices for measuring performance and establish equitable salary structures.

# 2091 Teachers Service Commission

## **PART A. Vision**

A transformative teaching service for quality education.

## **PART B. Mission**

To professionalize the teaching service for quality education and development.

## **PART C. Performance Overview and Background for Programme(s) Funding**

The mandate of the Teachers Service Commission as spelt out under Article 237 Sub-Article 1-3 of the Constitution of Kenya 2010 is to register trained teachers; recruit and employ registered teachers; assign teachers employed by the Commission for service in any public school or institution; promote and transfer teachers; exercise disciplinary control over teachers and terminate employment of teachers; review the standards of education and training of persons entering the teaching service; review the demand for and the supply of teachers; and advice the National Government on matters relating to the teaching profession.

The Approved Budget for the Commission in FY 2019/20 -2021/22 was Kshs.256.3 billion, Kshs 275.1 billion and Kshs. 290.8 billion respectively. The actual expenditure for the period was Kshs.256.1 billion, Kshs.274.8 billion and Kshs.290.4 billion for FY 2019/20, FY 2020/21 and FY 2021/22 respectively. The absorption rate for the Commission was approximately 99.9% under the review period.

During the review period, the Commission's achievements include: recruitment of 15,000 additional teachers on permanent and pensionable terms; recruitment of 10,300 intern teachers in FY 2019/20, 12,000 in FY 2020/21 and 6,000 in FY 2021/22 on a one-year contract; promotion of 52,214 teachers using a competitive selection process; induction of 3,661 field officers and teachers as Trainers of Trainers to cascade the Mentorship and Coaching (TIMEC) programme to 11,272 teachers across the country; training of 4,726 teachers as psycho-social support champions and Guidance & Counseling teachers and sensitization of 970 field staff, 17,480 heads of institutions and 15,349 Boards of Management (BOMs) on management of teacher discipline

The Commission also carried out the automation of TSC operations that saw the rollout of Electronic Document Management System (EDMS) where 265,169 teachers' files were automated and are accessible digitally via EDMS Application. Data governance structure was put in place to address data accuracy and reliability in the Commission by integrating data systems. The Commission also implemented and integrated a bulk SMS system to facilitate rapid message delivery on critical Commission messages to staff and teachers and reduce information asymmetry.

The challenges that the Commission faced during budget implementation include: disruption of services as a result of the COVID 19; teacher shortage; inadequate office accommodation in the Counties and Sub-Counties; and inadequate funding to facilitate operations and to implement Commission programmes in the field. The Commission has continued to employ more teachers to address the teacher shortage.

Major outputs to be provided in the medium-term 2023/24 to 2025/26 include: recruitment of

## 2091 Teachers Service Commission

The National Police Service Commission is established under Article 246 of the Constitution of Kenya, 2010. The mandate of the Commission is to recruit and appoint persons to hold or act in offices in the Service; confirm appointments within the National Police Service; determine promotions and transfers within the National Police Service, exercise disciplinary control over and remove persons holding and acting in offices within the Service and perform any other functions prescribed by national legislation.

During the period under review, the Commission was allocated KSh.645.5 million, KSh.645.2 million and KSh.863.7 million for the financial years 2019/20, 2020/21 and 2021/22 respectively. The Commission's actual expenditure amounted to KSh.624.2 million, KSh.624.4 million and KSh.819 million for the respective years. This represented absorption rates of 96.7%, 96.8% and 94.8% respectively.

The Commission achieved significant improvements in Police Officer welfare, including psychological well-being, streamlined recruitment, remuneration, promotions, and transfers. The Commission recruited 11,032 Police Constables and 300 Graduate Inspectors; confirmed 230 appointments; promoted 8,649 officers; processed 627 disciplinary and dismissal cases, and handled 291 appeal cases. Additionally, non-uniformed officers supporting Police Officers in HR matters were delinked by the Commission and deployed 17 counsellors and 11 social workers to provide psychological support. The counselling unit handled 180 cases through a toll-free line, 353 cases through face-to-face interactions and 154 clients in group psychotherapy. Additionally, 1,727 officers received counselling sensitization, 855 officers received psycho education guidance services, and 12 officers received PFA/trauma counselling. Furthermore, the unit assessed 81 officers, referred 17, and conducted follow-ups on 56 officers. The Commission also created a framework for an endowment fund to assist police and prison officers' widows, widowers, and orphaned children. In order to meet the human resource needs of the National Police Service, the Commission created more streamlined and responsive structures and is better equipped to address the ever-evolving demands of the modern policing environment. To enhance its ability to provide psychological and counseling services to officers, NPSC established and operationalized a regional office in the Coast Region, with plans to set up additional offices in the South Rift, Nyanza, and North Eastern regions.

During budget implementation, the Commission was constrained with its highly centralized human resource services for police officers, causing delays in service delivery, manual processes, a number of constraints such as delays in information retrieval and storage were experienced compounded by limited ICT solutions. Inadequate funding postponed key activities, so the Commission will lobby for increased funding and diversify funding sources. The Novel COVID-19 also disrupted NPSC's activities, but the Commission is committed to

compliance with health protocols and implementing post-COVID-19 recovery strategies.

During the FY 2023/24 and the Medium-Term, the Commission plans to improve conditions of service and welfare benefits for officers by automating HR management, decentralizing HR and counseling services, relocating offices to CBK Pension Towers, finalizing civilian staff delinking, enhancing staff house mortgage scheme, and leasing Commission vehicles for mobility of the Commissioners and Staff.

## **PART A. Vision**

Making a difference in the lives and livelihoods of the Kenyan people

## **PART B. Mission**

Audit services that impact on the effective and sustainable service delivery

## **PART C. Performance Overview and Background for Programme(s) Funding**

The Office of the Auditor-General (OAG) is established under Article 229 of the Constitution of Kenya. The mandate of the OAG is to audit and report on all entities funded from public funds with the principal task being to confirm whether public funds are spent economically, efficiently and effectively and in compliance with existing rules and regulations.

During the period 2019/20-2021/22 the approved budget for the Office was Kshs 5.5 billion, Kshs. 5.5 billion and Kshs 6.1 billion. The actual expenditure under the review period was Kshs 5.4 billion, Kshs 5.3 billion and Kshs 5.7 billion translating to an absorption rate of 98% ,96% and 93% respectively.

During the review period, the Office managed to; issue 1,586 audit reports against a target of 1,604, issue 1,416 reports out of targeted 1,442 reports in FY 2019/20; The Office also streamlined the audit process by use of an Audit Management System, periodic revision of audit methodologies and continuously embraces capacity building.

The main challenges facing the office includes; under-funding despite increased number of public sector entities resulting in inability to fulfil the mandate in a timely manner as envisaged by the Constitution, the non-alignment of budget calendar and the audit cycle is also an issue of concern, inadequate office space which exposes staff to unsafe working environments. However, the Office has been receiving support from Parliament, National Treasury and Development partners which enabled recruitment of additional staffs to address the staff gaps and continue to leverage on ICT and Capacity building. Currently, the Office has two ongoing capital projects in Nairobi and Mombasa that will house staff.

In the FY 2023/24 and the Medium-Term, the Office will to continue implementing measures that will adhere to quality audit standards and timelines. The Office will expand regional reach by establishing two additional regional offices. The Office will acquire more teammate licenses to accommodate newly recruited technical audit personnel. The audit universe is expected to increase clients due additional of 218 TVETs, secondary schools and Level 4 hospitals.

# 2121 Controller of Budget

## **PART A. Vision**

A country where public funds are utilized prudently

## **PART B. Mission**

To oversee implementation of Government budgets through timely authorization of withdrawals from Public Funds and reporting on utilization

## **PART C. Performance Overview and Background for Programme(s) Funding**

The mandate of the Office of the Controller of Budget (OCOB) is to oversee implementation of budgets of the National and County Governments by authorizing withdrawals from public funds; and publish and publicize statutory reports and submit to Parliament every four months.

During the period under review 2019/20-2021/22, the OCOB was allocated Kshs.678.1 million, Kshs 565.8 million and Kshs 649.6 million in FY 2019/20, 2020/21, and 2021/22 respectively, while the actual expenditure was Kshs. 540.2 million, Kshs. 649.6 million and Kshs.619.4 million during the same period. This translates to absorption rates of 88%, 95% and 95% respectively.

During the period under review, the Office made timely approval of withdrawals from public funds to facilitate budget execution by both levels of government; prepared and published twenty four Budget Implementation Review Reports for National and County Government and submitted to Parliament; prepared special reports for the Parliamentary Oversight Committees on various issues and on matters of policy to address budget implementation challenges; and conducted monitoring and evaluation exercise in 47 counties.

While executing the mandate, the Office experienced the following constraints; austerity measures affected the implementation of planned activities, delays in the approval of key planning and budget documents by County Governments, economic effects of the COVID-19 pandemic, late submission of expenditure reports by the MDAs and County Governments and inadequate office space. The Office will build capacity of both the county executive and legislative arms of the counties on the regulations to the COB Act, 2016 to ensure compliance with the reporting timelines and bid for and prioritize financial resources at the Sector to facilitate the OCOB to acquire additional office space for its staff.

The Office plans to implement the following activities in the medium term 2023/24-2025/26; monitoring of budget implementation programmes, processing of exchequer requests, preparation, publishing, and publicizing of quarterly Budget Implementation Review Reports and provide budget implementation information and sensitize the public on their role in the budget process.

# 2141 National Gender and Equality Commission

## **PART A. Vision**

A society free from gender inequality and all forms of discrimination.

## **PART B. Mission**

To promote gender equality and freedom from all forms of discrimination in Kenya, especially for special interest groups through ensuring compliance with policies, laws and practice.

## **PART C. Performance Overview and Background for Programme(s) Funding**

The mandate of the National Gender and Equality Commission (NGEC) is to ensure gender equality and freedom from discrimination in Kenya as provided for in the Constitution of Kenya 2010, with a focus on the following Special Interest Groups (SIGs): women, persons with disability, children, youth, older members of society, minority and marginalized groups.

In the period under review, the Commission was allocated Kshs.391 million, Kshs. 372 million and Kshs. 439.8 million in FY 2019/20, FY 2020/21 and FY 2021/22 against actual expenditure of Kshs.376 million, Kshs. 354 million, and Kshs. 432 million. This translates to 94% ,94% and 96% absorption rates respectively.

Major achievements during the period under review include: facilitation of development of the Kenya Country Position Paper to the Sixty-Sixth Session of the Commission on the Status of Women (CSW66); facilitated and participated in the 66th CSW held 14th-25th March, 2022; and prepared the Country Position Paper for the 12th session of the Open-Ended Working Group on Ageing (OEWGA). In addition, the commission engaged in multiple other mechanisms of convincing the political parties to voluntarily comply with the two third gender rule.

The Commission however faced inadequate funding, which resulted in inability to effectively discharge the Commission's mandate. This challenge was addressed by the Commission collaborating with development partners and stakeholders, both local and foreign.

In the Medium-Term 2023/24-2025/26 period, the Commission's budget allocation is KSh. 472.9 million, KShs. 621.7 million and Kshs. 641.9 million in FY 2023/24, FY 2024/25 and FY 2025/26 respectively. The services/outputs planned for the period include; monitoring state compliance with 7 international treaties, Commission on the Status of Women (CSW), attend convention on the rights of persons with disabilities and its optional protocol (A/RES/61/106 (CRPD), the UN open forum for indigenous persons, conference of parties on climate change, open forum for aging and conventions and protocol, and Convention on the Elimination of All Forms of Discrimination against Women (CEDAW). The Commission will also review 50 legislative and policy instruments both at the national and county level to ensure compliance with the principles of gender equality, freedom from discrimination and inclusion among others.

The Authority was allocated KSh.820 million, KSh.788 million, KSh.929million in financial years 2019/20, 2020/21 and 2021/22 respectively. During the same period, actual expenditure was KSh.787 million in FY 2019/20, KSh.774 million in FY 2020/21 and KSh..880 million in FY 2021/22. The budget absorption rate for FY2019/20-FY2021/22 is 96%,98% and 95% respectively.

Key achievements during the period under review include: received and processed 9,174 complaints on police misconduct; investigations of 2,366 were completed out of which 390 investigation files were forwarded to the ODPP for action and 18 successful convictions made ; inspected 1380 police premises; monitored 110 police operations and recommendations submitted to the National Police Service; undertook 7 studies on trends and patterns on reported police misconduct and made recommendations on the following areas; Kibra by-elections monitoring report, inspections, research and monitoring annual reports, traffic management and control monitoring report, the plight of police registers and records management, A.I.E utilization in the National Police Service and status report on implementation of the National Police Service housing policy.

Challenges experienced during the period under review include the following; inadequate budgetary provision; non-cooperation from some of the key stakeholders in provision of crucial information led to delayed completion of some investigations; high staff turnover and capacity constraints also hindered quick response to received complaints and subsequent investigations, inspections, research and monitoring. IPOA will continue to engage the National Treasury to consider enhancing the Authority's budget for efficient service delivery; sensitize members of the public and the National Police Service on its mandate to avoid misunderstanding and non-cooperation from some of the stakeholders. On staff turnover, the Authority is in the process of reviewing the human resource instruments in order to attract talented technical staff and continue to operationalize IPOA staff mortgage and car loan scheme.
