1053 State Department for Foreign Affairs

PART A. Vision

A peaceful, prosperous and globally competitive Kenya

PART B. Mission

To protect, promote and protect Kenya's interest and image globally through innovative diplomacy; and to contribute towards a just, peaceful and equitable world.

PART C. Performance Overview and Justification for Supplementary Funding

The gross Approved Estimates for the State Department for Foreign Affairs for the FY 2023/24 is Kshs.19.7 billion comprising Kshs.17.8 billion for Current expenditure and Kshs.1.9 billion for Capital expenditure.

The Approved Estimates have been revised from Kshs.19.7 billion to Kshs.20.6 billion under Supplementary Estimates No. 1 for the FY 2023/24 of which Current expenditure is Kshs.19.4 billion and Capital expenditure is Kshs.1.2 billion. This reflects an increase of Kshs.1.5 billion for Current expenditure and a decrease of Kshs.700 million for Capital expenditure. The increase in Current expenditure is on account of additional Appropriations-in-Aid for Dar es Salaam and Dubai Missions and additional funds to cater for State Visits and salaries shortfall while the decrease in Capital expenditure is on account of rationalization of expenditure.

The outputs, targets and financial indicators have been revised accordingly to reflect the changes in the Estimates as shown in Parts E, F, G and H.

1064 State Department for Vocational and Technical Training

PART A. Vision

A high quality Technical Vocational and Training for global competitiveness.

PART B. Mission

To provide, promote and co-ordinate technical training by assuring quality, inclusiveness and relevance for enhancement of economic growth and competitiveness of the economy.

PART C. Performance Overview and Justification for Supplementary Funding

The gross Approved Estimates for the State Department for Vocational and Technical Training during the Financial Year 2023/24 amounts to KShs.28.3 billion. This comprises KShs.20.7 billion and KShs.7.6 billion for Current and Capital expenditures respectively.

The Approved Estimates have been adjusted from KShs.28.3 billion to KShs.32.9 billion under Supplementary Estimates No.I comprising KShs.25.8 billion and KShs.7.1 billion for Current and Capital expenditures respectively. This reflects an increase of KShs.5.1 billion under the Current expenditure and a decrease of KShs. 585.4 million under Capital expenditures. The increase in Current expenditure is mainly due to provision for scholarships for trainees under the New Funding Model and increased provision of AIA for SAGAs and the decrease in Capital Expenditure is due to rationalization of the budget.

The changes in the Financial Year 2023/24 Supplementary Estimates No.I is within the Technical Vocational Education and Training, Youth Training and Development and General Administration, Planning and Support Services Programmes. Details of the changes for the affected Programmes are reflected in Part E, F, G and H.

PART C. Performance Overview and Justification for Supplementary Funding

The gross Approved Estimates for the State Department for Basic Education in the Financial Year 2023/24 amounts to KShs.147.8 billion. This comprises KShs.127.6 billion and KShs.20.2 billion for Current and Capital expenditures respectively.

The Approved Estimates have been adjusted from KShs. 147.8 billion to KShs.158.5 billion under Supplementary Estimates No.I comprising of KShs.136.4 billion and KShs.22.1 billion for Current and Capital expenditures respectively. This reflects an increase of KShs.8.7 billion and KShs.2.0 billion for Current and Capital expenditures respectively. The increase in Current expenditure is mainly to cater for capitation for Junior Secondary Schools and additional allocation for examinations whereas the increase in Capital expenditure is mainly due to increased donor commitments and provision for development of Primary and Secondary Schools Infrastructure.

The changes in the Financial Year 2023/24 Supplementary Estimates No.I is within the Primary Education, Secondary Education, Quality Assurance and Standards and General Administration, Planning and Support Services Programmes. Details of the changes are reflected under individual Programmes and are indicated under Parts F, G and H.

1082 State Department for Medical Services

PART A. Vision

A healthy, productive and globally competitive nation

PART B. Mission

To build a progressive, responsive and sustainable Health care system for accelerated attainment of the highest standard of health to all Kenyans

PART C. Performance Overview and Justification for Supplementary Funding

The gross Approved Estimates for the State Department for Medical Services in the Financial Year 2023/24 amounts to KShs.116.6 billion. This comprises KShs.63.1 billion and KShs.53.5 billion for Current and Capital expenditures respectively.

The Approved Estimates have been revised from KShs.116.6 billion to KShs.110.6 billion under Supplementary Estimates No.I. This comprises KShs.66.4 billion and KShs.44.2 billion for Current and Capital expenditures respectively. This reflects an increase of KShs.3.3 billion under the Current expenditure and a decrease of KShs. 9.3 billion under Capital expenditure. The increase in Current expenditure is to cater for recapitalization of Kenya Medical Supplies Authority and increase in Appropriation-in-Aid collected by the Kenyatta University Teaching, Referral and Research Hospital. The decrease in Capital Expenditure is due to rationalization of the budget.

The changes in the Financial Year 2023/24 Supplementary Estimates No.I are within the National Referral & Specialized Services, Curative & Reproductive Maternal New Born Child Adolescent Health, Health Research and Innovations and General Administration Programmes. The details of the changes for the affected Programmes are reflected in Part E, F, G and H.

PART A. Vision

A healthy, productive and globally competitive nation.

PART B. Mission

To build a progressive, responsive and sustainable Health care system for accelerated attainment of the highest standard of health to all Kenyans.

PART C. Performance Overview and Justification for Supplementary Funding

The gross Approved Estimates for the State Department for Public Health and Professional Standards in the Financial Year 2023/24 amounts to KShs.24.6 billion. This comprises of KShs.17.6 billion and KShs.7.0 billion for Current and Capital expenditures respectively.

The Approved Estimates have been revised from KShs.24.6 billion to KShs.28.2 billion under Supplementary Estimates No.I. This comprises of KShs.21.8 billion and KShs.6.4 billion for Current and Capital expenditures respectively. This reflects an increase of KShs.4.2 billion under the Current expenditure and a decrease of KShs. 610 million under Capital expenditure. The increase in Current expenditure is due to increase of AIA for SAGAs and increase of personnel emoluments to reflect the actual requirement for the year and the decrease in Capital Expenditure is due to rationalization of the budget.

The changes in the Financial Year 2023/24 Supplementary Estimates No.I are within the Preventive and Promotive Health Services, Health resources development and Innovation, Health Policy, Standards and Regulations and General Administration Programmes. The details of the changes are reflected under individual Programmes as indicated under Parts E, F, G and H. The targets for the affected Programmes have been adjusted accordingly.

PART A. Vision

A global leader in the promotion of shipping and maritime affairs.

PART B. Mission

To promote and develop shipping and maritime industry in Kenya through policy formulation and implementation, coordination and fostering regional and global cooperation.

PART C. Performance Overview and Justification for Supplementary Funding

The gross Approved Estimates for the State Department for Shipping and Maritime Affairs for the FY 2023/24 amounts to Kshs.3.5 billion of which Kshs.2.5 billion and Kshs.1 billion for Current and Capital expenditure respectively.

The Estimates have been revised from Kshs.3.5 billion to Kshs.3.3 billion under Supplementary Estimates No.1 comprising Kshs.2.5 billion for Current expenditure and Kshs.750 million for Capital expenditure. The overall change of Kshs. 280million comprises additional funds under Current expenditure on account of increased AIA collection by Bandari Maritime Academy due to increased student enrollment and rationalization in line with the fiscal consolidation measures as well as rationalization of Capital expenditure due to low absorption.

The output and targets have been revised accordingly as reflected in Part E.

1094 State Department for Housing & Urban Development

PART A. Vision

A globally competitive organization in provision of adequate, affordable and decent housing in a sustainable environment and coordinated urban development.

PART B. Mission

To facilitate access to adequate and decent housing and prepare urban plans for sustainable development.

PART C. Performance Overview and Justification for Supplementary Funding

The gross Approved Estimates for the State Department for Housing and Urban Development in the FY 2023/24 amounts to KSh.93.8 billion. This comprises KSh.1.3 billion and KSh.92.5 billion for Current and Capital expenditures respectively.

The Estimates have been revised from KSh.93.8 billion to KSh.80.6 billion under the FY2023/24 Supplementary Estimates No. 1. This comprises KSh.1.4 billion and KSh.79.2 billion under Current and Capital expenditures respectively. This reflects a net decrease of KSh.13.3 billion. The decrease is due to overall budget rationalization. However, there is an upward adjustment of KSh.60 million in projected A-I-A under Government pool houses, an increase of KSh.66 million and KSh.10.9 million to cater for actual cost of personnel emoluments and gratuity respectively in the Current expenditures.

Details of the changes are reflected in parts E, F and G.

1169 State Department for Crop Development

PART A. Vision

A food secure nation anchored on technology, innovation and commercially oriented agriculture.

PART B. Mission

To improve the livelihood of Kenyans and ensure food and nutrition security through creation of an enabling environment, increased crop production and productivity, market access and supporting agricultural research and dissemination of research findings to stakeholders.

PART C. Performance Overview and Justification for Supplementary Funding

The gross Approved Estimates for the State Department for Crop Development in the FY 2023/24 is KSh.46.7 billion comprising KSh.15.3 billion and KSh.31.3 billion for current and capital expenditures respectively.

The Approved Estimates have been revised from KSh.46.7 billion to KSh.60.4 billion under Supplementary Estimates No.1 for the FY 2023/24 of which Current expenditure is KSh.18.6 billion and capital expenditure is KSh.41.8 billion. The overall change reflects an increase of KSh.13.7 billion. The change in Current expenditures is mainly on account of additional funds to the National Cereals and Produce Board (NCPB) for purchase of maize grain for restocking of the National Strategic Food Reserve, funds for settlement of debts owed to sugarcane farmers and rationalization in line with the fiscal consolidation measures. The change in capital expenditure is mainly on account of additional funds for procurement of dryers for post harvest loss management, funds for implementation of the fertilizer subsidy programme both for 2023 short and 2024 long rains and rationalization of expenditures to reflect actual absorption.

The outputs, targets and financial indicators have been revised accordingly to reflect the current status as shown in Part E, F, G and H.

1193 State Department for Petroleum

PART A. Vision

A leading institution in sustainable development of oil and gas.

PART B. Mission

To enhance commercialization of discoveries, develop requisite skills and infrastructure for production in the oil and gas sector and improve access to competitive, reliable and secure supply of petroleum products.

PART C. Performance Overview and Justification for Supplementary Funding

The gross Approved Estimates for the State Department for Petroleum under Financial Year 2023/24 amounts to KSh.28.6 billion. This consists of KSh.25.2 billion and KSh.3.4 billion for current and capital expenditures respectively.

The Estimates have been revised from KSh.28.6 billion to KSh.57.0 billion under Financial Year 2023/24 Supplementary Estimates No.1. This comprises of KSh.54.5 billion and KSh.2.5 billion for current and capital expenditures respectively. This reflects a net increase of KSh.28.3 billion. The increase is mainly on account of additional KSh.29.3 billion for stabilization of oil market prices in the current expenditure. However, there is a reduction of KSh.930 million in the capital expenditure due to overall budget rationalization.

The original targets have been adjusted to reflect new funding levels as shown in Part E.
