### 1. Commentary on Consolidated Financial Statements

### 1.0 Legal Framework

Section 81 of the Public Finance Management (PFM) Act, 2012, requires that all state organs and public entities prepare annual financial statements at the end of each financial year and submit them to the Auditor-General with a copy to the National Treasury, Controller of Budget, and the Commission on Revenue Allocation by 30<sup>th</sup> September every year. Further, Section 80 of the PFM Act, 2012 requires the National Treasury to prepare annual financial statements that consolidate the financial statements prepared by all national government entities and submit to the Auditor-General with a copy to the Controller of Budget and Commission on Revenue Allocation by 31<sup>st</sup> October of every year.

The consolidated financial statements referred to above are prepared in accordance with the standards prescribed by the Public Sector Accounting Standards Board (PSASB). The Board was established under Section 192 of the PFM Act, 2012 to set generally accepted accounting standards and prescribe formats for financial reporting by all state organs and public entities.

Following the Board's approval of the adoption of the International Financial Reporting Standards (IFRS) for state organs operating as commercial business entities, Cash-basis International Public Sector Accounting Standards (IPSAS) for Ministries, Departments and Agencies (MDAs) and County Governments, and Accrual-basis IPSAS for state organs operating as non-commercial business entities, the reporting standards were gazetted through the Kenya Gazette Notice No. 5440 dated 8<sup>th</sup> August 2014.

The government plans to migrate all MDAs from cash-based accounting standards and reporting to accrual-based standards effective from FY 2024/2025.

### 1.1 Scope and Consolidation

The consolidated financial statements comprise 81 voted entities as contained in Executive Order No. 1 of 2023 on Organization of the Government of the Republic of Kenya and 3 votes relating to Consolidated Fund Services (CFS). The entities included in this consolidation are disclosed in **Note** 26 to the financial statements.

### 2. Financial statements summary

Below is an overview of MDAs' financial performance for the year ended June 30<sup>th</sup> 2024, as reported in the detailed consolidated financial statements.

### 2.1 Comparative performance for receipts and payments

Financial performance	FY 2023/2024 Kshs million	FY 2022/2023  Kshs million	Change Kshs million	% Change
Total receipts	3,828,500	2,978,993	849,597	29%
Total payments	3,825,311	2,978,697	846,624	28%
Surplus for the year	3,189	295	2,973	

Total receipts for the FY 2023/24 increased by 29% compared with receipts received by the MDAs in FY 2022/2023.

### 2.1.1 Receipts

The government receipts are derived from domestic and external sources. Domestic resources mainly comprise taxes collected by the Kenya Revenue Authority (KRA) and receipts from the appointed Receivers of Revenue. External sources include loans and grants from external multilateral and bilateral partners are collected by the National Treasury. All these receipts are then remitted to the Consolidated Fund as per Article 206 (1) of the Constitution except receipts considered AiA.

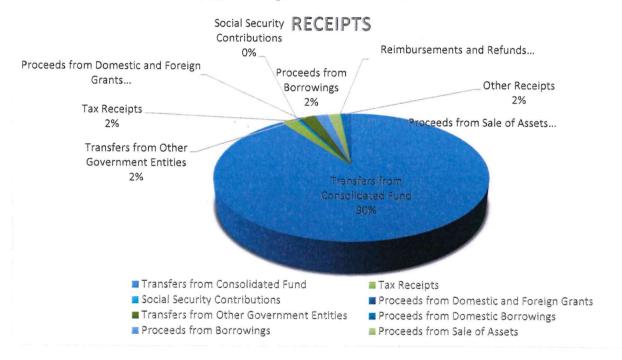

Receipts reported in this consolidation are receipts that the MDAs received from the Consolidated Fund transfers as per the Appropriation Act, 2023 and AiA collected during the year. Funds transferred from the exchequer form the largest part of MDA receipts as shown below:

	FY 2023/2024	FY 2022/2023	Change	
Receipts	Kshs million	Kshs million	Kshs million	Change

Other receipts	60,057	46,768	13,289	28 %
Total receipts	3,828,500	2,978,993	849,508	29 %

Other receipts include external grants, administrative fees, receipts from the sale of public assets and own receipts collected and used directly as AIA. The total receipts for FY 2023/2024 were Kshs 3,828,500 million, representing a 29% increase from Kshs 2,978,993 million for FY 2022/2023.

Transfers from Consolidated Fund to MDAs increased by 31% when compared to the previous year. The increase in these receipts was a result of improved revenue collection in the form of taxes. Proceeds from the sale of assets by MDAs increased by Kshs 24,958 million compared to Kshs 41,212 million collected in FY 2022/2023.

The diagram below depicts the share of major categories of receipts for the fiscal year ending 30<sup>th</sup> June 2024. The major source of funding to the MDAs is transfers from the Consolidated Fund which accounts for 90% of the total receipts.

### 2.1.2 Payments made by MDAs

Payments by MDAs are made in accordance with the Appropriation Act, of 2023. Total actual payments for the period ended 30<sup>th</sup> June 2024 stood at Kshs 3,825,311 million, a 28% increase from Kshs 2,978,697 million reported for the year ended 30<sup>th</sup> June 2023.

	FY 2023/2024 Kshs million	FY 2022/2023 Kshs million	Change Kshs million	% Change
Compensation to employees	713,272	553,735	159,537	29%

Acquisition of assets	123,840	65,796	58,044	88%
Social security benefits	32,420	35,867	(3,447)	(10)%

Compensation of employees increased by 29% in the year due to enhanced budgetary allocation to finance the employment of additional teachers, implementation of collective bargaining agreement and employment of intern teachers by the Teachers Service Commission, employers' contribution to the National Housing Fund and promotion of staff who serve at the MDAs.

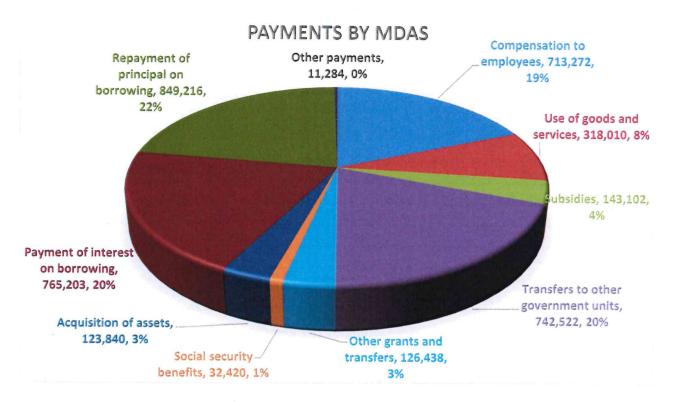

The increase in the use of goods and services by 22% can be attributed to government measures to implement stimulus programmes to revitalize the economy.

The increase in subsidies by 10% compared to last financial year was to support Junior Secondary School capitation which was previously accounted for under grants and transfers to other government entities in the State Department for Basic Education.

Social security benefits decreased by 10% to Kshs 32,420 million as a result of decreased payouts to retiring public servants during FY 2023/2024 having paid a majority of the public servants in the previous financial year. The government has now operationalized the Superannuation Pension Scheme (PSSS) which now operates on a defined contribution basis. MDAs contributed to this scheme for their employees from 1<sup>st</sup> January 2021 in addition to the contributions made to the NSSF.

Payment of loan interest by the National Treasury increased by 24% during the year to stand at Kshs 765,203 million. Repayment of principal amount on borrowings was Kshs 849,216 million an increase of Kshs 294,286 million (53%) when compared to the previous financial year. The total loan repayment was Kshs 1,614,419 million. The grace period for several concessional and commercial loans lapsed during the year. A detailed report on public debt is contained in a separate report as part of the Government Consolidated Financial Statements.

The diagram below depicts the distribution of major categories of payments made by MDAs during the financial year ending 30<sup>th</sup> June 2024.

Transfers by MDAs to other government entities (mainly to State Corporations) represent 26% of total payments made. Compensation to employees was at 17% of total payments, 16% for repayment of the debt, 10% for use of goods and services and 2% for other grants and transfers which include transfers to senior citizens among others.

### 2.1.3 Total financial assets

The total financial assets for the MDAs as at 30<sup>th</sup> June 2024 amounted to Kshs 40,852 million compared to the Kshs 44,745 million as at 30<sup>th</sup> June 2023. This represents a (9) % decrease of Kshs 13,280 million.

Financial Assets	FY 2023/24	FY 2022/23	Change	%
	Kshs million	Kshs million	Kshs million	Change
Bank balances	36,723	40,864	(4,141)	(10)%

Outstanding imprest and				
clearance accounts	4,070	3,854	216	6%
Total financial assets	40,852	44,745	(3,893)	(9) %

Bank balances decreased by Kshs 4,141million representing a (10) % decrease from the previous year. As required by the Public Finance Management Act, once an Appropriation Act lapses, all unexpended balances in the bank account of MDAs are returned to the Consolidated Fund.

### 2.2 Consolidated budget performance for the year ended 30th June 2024

Financial performance	Revised budgetary estimates (including AIA)	Actuals	Variance	Change
	Kshs million	Kshs million	Kshs million	%
Receipts	4,424,800	3,828,500	596,300	87%
Total receipts	4,424,800	3,828,500	596,300	87%
Payments				
Recurrent	1,723,252	1,578,110	145,142	92%
Development	710,071	480,838	229,233	68%

Total payments	4,424,800	3,825,311	599,490	86%
Surplus for the year	-	3,189	(3,190)	

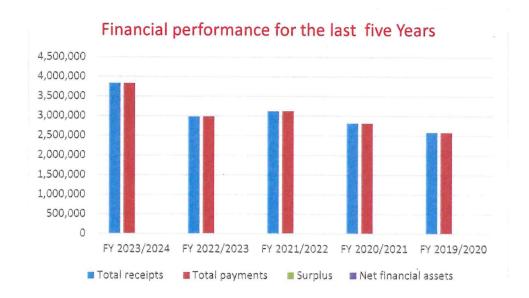

The total printed budget estimates including AiA amounted to Kshs 4,424,800 million. Funds disbursed through the exchequer and AiA collected and retained by the MDAs amounted to Kshs 3,828,500 million indicating 87% budget estimate underachievement on receipts for the year ending 30<sup>th</sup> June 2024.

Payments were at 92% for recurrent expenditure when compared to revised budgetary estimates and 68% for development expenditure. Payments for consolidated fund services used in repaying public debt, pensions, and constitutional salaries indicated a utilisation of 89% compared to budgetary estimates for the year. Overall, budget execution for expenditure was at 86%.

### 2.3 Performance trend

The actual performance trend for the 5 years from FY 2029/2020 to FY 2023/2024 is summarized as follows:

	Actuals	Actuals	Actuals	Actuals	Actuals
	FY 2023/2024	FY 2022/2023	FY 2021/2022	FY 2020/2021	FY 2019/2020
	Kshs million				
Total receipts	3,828,500	2,978,993	3,118,274	2,809,551	2,581,609
Total payments	3,825,311	2,978,697	3,117,519	2,804,106	2,575,667
Surplus	3,189	295	755	5,444	5,942
Net financial assets	10,674	9,111	12,658	11,972	13,551

As shown in the table and graph above, the MDAs' revenues have increased from Kshs 2,581,609 million in FY 2019/2020 to Kshs 3,828,500 million in FY 2023/2024, indicating a 48% increase over the five-year periods. The decrease in revenue in FY 2022/2023 was due to the election period and re-organization of the government.

Total receipts	3,828,500	2,978,993	3,118,274	2,809,551	2,581,609

Receipts from the Exchequer Account have been on a gradual rise depicting an increase of Kshs 1,215,492 million or a 55% increase over the last five years. This is due to increased government revenue collection over the years.

Proceeds from levies increased substantially during the period as compared to the prior years. These are mainly AIA that the State Departments are allowed to retain to help defer the cost of providing services. The increase was mainly a result of improved collections from the Railway Development Levy Fund, Sports and Art Development Fund and Petroleum Development Levy Fund.

Proceeds from domestic and foreign grants decreased compared to the previous year as a result of the closure of grant projects in the State Department for Crop and stringent donor conditionalities.

Proceeds from borrowings include direct payments towards development projects implemented by the MDAs. The decline over the 5-year period can be attributed to several factors. This includes delays in the approval of relevant documents and re-alignment of priority areas. These factors ultimately affect the absorption rate of these development projects which contributes to a decline in the proceeds.

### 2.3.2 Payments over the 5-year period

Actual performance trend for the 5-year period from FY 2019/2020 to FY 2023/2024 is summarised as follows:

	FY 2023/2024 Kshs	FY 2022/2023	FY 2021/2022	FY 2020/2021	FY 2019/2020

Use of goods and services	318,010	260,389	168,127	167,150	150,859
Subsidies	143,102	130,616	141,844	62,617	61,373
Transfers to other government entities	742,522	671,824	813,319	740,869	759,499
Other grants and transfers	126,438	75,104	38,690	59,551	59,010
Social security benefits	32,420	35,867	120,276	111,098	88,093
Acquisition of assets	123,840	65,796	80,363	138,426	168,419
Payment of interest on borrowing	765,203	619,405	510,090	408,339	423,573
Repayment of principal on borrowing	849,216	554,930	531,170	458,941	280,730
Other expenses	11,284	11,029	195,061	145,686	126,141
Total payments	3,825,311	2,978,697	3,117,519	2,809,551	2,575,668

Compensation of employees has generally increased in the year due to an increase in budgetary allocation to cater for the implementation of the Collective Bargaining Agreement, employment of additional teachers and 20,0000 intern teachers by the Teachers Service Commission, and also due to employers' contribution to the National Housing Fund and promotions of staff who serve at the MDAs. The increase in the use of goods and services can be attributed to government measures to implement stimulus programmes to revitalize the economy.

Transfer to other government entities refers to transfers made to state corporations and semiautonomous government agencies. These transfers have generally increased over the years due to an increase in government activities.

Transfer to other government units relates to transfers to vocational training institutions, universities and other institutions of higher learning. These transfers also include transfers made for social benefits, including cash transfers for old persons as well as orphans and vulnerable children.

Subsidies include transfers to learning institutions made by the State Department of Basic Education to primary and secondary schools as subsidies towards free primary and day secondary education.

Payment of interest and repayment of principal on borrowing have increased due to the growth in the government loan book.

### 2.4 Conclusion

The government has initiated various reforms to improve the integrity and timeliness of financial information generated to enhance decision-making for prudent allocation and control of public resources. In an attempt to increase transparency in reporting, the National Treasury adopted cash-basis International Public Sector Accounting Standards (IPSAS) for MDA's and County Governments and accrual-basis International Public Sector Accounting Standards (IPSAS) for non-commercial national government entities and International Financial Reporting Standards (IFRS) for commercial government entities. The standards have been applied for the last 10 years since FY 2014.

Through the Gazette Notice No.11033, the effective date for National and County Governments Public Entities shall apply Accrual Based Standards with effect from 1<sup>st</sup> July, 2024. Understanding and interpretation, the financial statements should be read in conjunction with the underlying notes and schedules.

### 3. Statement of Responsibility

These consolidated financial statements have been prepared by the National Treasury in accordance with the provisions of Section 80 of the Public Finance Management Act, 2012.

In line with Section 12 (1) (e) of the Public Finance Management Act, 2012, the National Treasury is responsible for the design and prescription of an efficient financial management system for the National and County Governments to ensure transparent financial management and standard financial reporting as contemplated by Article 226 of the Constitution.

This system of financial management and standard reporting as designed, has operated adequately for all National Government entities throughout the reporting period.

The consolidated financial statements have been prepared on a going concern basis and comply with the International Public Sector Accounting Standards (Cash Basis) and the format prescribed by the Public Sector Accounting Standards Board. These consolidated financial statements are based on individual financial statements prepared and submitted by respective Ministries, Departments and Agencies (MDA) in accordance with Section 81 of the PFM Act, 2012. The responsibility of ensuring the accuracy and completeness of these individual financial statement's rests with the Accounting Officers for the respective public entities.

The National Treasury is required to submit these consolidated financial statements to the Auditor General and a copy to the Controller of Budget and the Commission on Revenue Allocation by 31st October 2024.

To the best of our knowledge, the consolidated financial statements as set out on pages 1 to 60 fairly reflect the financial position and operations of MDAs for the financial year ended 30<sup>th</sup> June 2024.

## MDA's receipts against budget

- The original and revised estimates are based on approved budget as loaded in budget module of IFMIS. The actual outturn is based on un-audited financial statements submitted to the National Treasury for consolidation purposes and is bound to change once the financial statements for all voted entities are audited
- The changes between the original budget and final budget were as a result of reallocations and additional appropriations through supplementary budgets that were duly approved by Parliament during the financial year ended 30th June 2023.
- \* During the year the following Votes received receipts on 'Transfer from other government entities' that were based on budgets of the sending
- (i) The Executive office of the president Vote 1011. Kshs 14,417 million for financing of functions transferred from the Nairobi City County to the National Government. Amount was budgeted under the Nairobi County Government; and
- Jo (ii) National Land Commission Vote 2021, Kshs 7,479 million transferred from other national government and SGR for the compensation land acquired from the public. The amounts were budgeted for under the sending public entity.
- Tax Receipts under collection by 65% was attributed to the following Ministries/State Departments:-
- (i) The Executive Office of the President Vote 1011. An amount of Kshs 14,417 million receipts budgeted for Nairobi Metropolitan Services was not disbursed directly from exchequer;
- (ii) Ministry of Foreign Affairs Vote 1052. Under collection of revenues by 47% at the foreign missions;
- (iii) State Department for Roads. Vote 1091(7%) due to reduced receipts of transit toll collections from Kenya Roads Board; and

- (iv) Ministry of Energy Vote 1152. Under collection of royalties licenses by 26% due to few prospecting license applications.
- Proceeds from Domestic and Foreign Grants budgetary target recorded an under performance of 35%:-
- (i) State Department of Energy contributed to 18% underperformance due to under receipt of European Union Grant;
- (ii)State Department for Roads 38% due to delayed commencement of allocated grant provision for upgrading of Kitale -Morpus Roads project; and
- (iii)State Department for post training and skills development, delayed implementation of the budget.
- Returns on Equity holdings under performed by 90% as result of reduced AIA collection by the Business Registration Services and other SAGAs at the State Law Office and Department of Justice.

MDA's payments against budget

- Acquisition of assets was below target by 66% for the following State Departments: -
- The Executive office of the president (31%) because of the late loading of supplementary budget and time constraints to undertake procurement
- Ministry of Foreign Affairs because of constraints to undertake procurement logistics;
- (iii) Ministry of Health absorbed 51% of the acquisition of assets budget;
- State Department of Social Protection 62% due to reduction of development budget;
- (v) Ministry of Energy absorbed 46% of the acquisition of assets budget because of the decrease in budget by supplementary cut; and
- (vi) Judiciary absorbed 69% of the acquisition of assets budget due low absorption of the AIA loan and delayed projects.
- Other Expenses was 142% above budget: Was only budgeted for National Treasury at Kshs 6,196 million and not spent. Witness protection Agency kshs.171.3 million, National Intelligence Service spent Kshs 37,114 million, Independent Electoral and Boundaries Commission spent Kshs 664 million, and Kenya National Commission on Human Rights spent Kshs 174.2million. National Lands Commission spent Kshs 7,479 million as land compensation on behalf of other public entities. The above entities have since been advised to use deposit bank accounts since they have no budgets to

- Proceeds from domestic borrowings decreased by 13%. This was attributed by State Department for Higher Education and Research (KAIST Project) 0% due to delays in the disbursement process, State department of Housing and Urban Development 0% due to change in the supplementary budget and state department for Technical, Vocational Education and Training 39% due to projects being at inception stage.
- Proceeds from sale of Assets 62%. This was as a result of underutilization of 16% by state department for higher Education and Research due to under collection of AIA by universities and Sagas. State department for forestry 60% due to under collection of AIA by SAGAs.

### Notes to the budget

- The National Lands Commission (NLC) spent above budget by 8,721 million. NLC received funds from other entities as amounts for land compensation to pave way for roads expansion in Kenya.
- Witness Protection Agency spent above budget by 1.3 million. This relates to unrealized payables as income and is subsequently pai to the consolidated Fund
- Kenya National Commission on Human Rights spent above budget by 174.2 million. The unbudgeted funds were received from a bilateral donor to address human rights issues in Kenya.
- Subscriptions to International Organizations-National Treasury 0% due to change in the supplementary budget.

### 9. Accounting Policies

### Statement of compliance

These financial statements have been prepared in accordance with the Public Finance Management Act and with the Cash-basis International Public Sector Accounting Standards (IPSAS) as prescribed by the Public Sector Accounting Standards Board (PSASB) and set out in the accounting policy note below. The cash basis of accounting has been supplemented with accounting for; a) receivables that include imprest and salary advances and b) payables that include deposits and retentions.

The financial statements comply with and conform to the form of presentation prescribed by the PSASB. These standards and policies are based on IPSAS and have been consistently applied to all the years presented.

The use of public resources by the government is primarily governed by Chapter 12 of the Constitution of Kenya, Public Finance Management Act (2012) and PFM (National Government) Regulations (2015).

### Reporting period

The reporting period for these financial statements is for the year ending 30<sup>th</sup> June 2024.

### Basis of preparation

These financial statements have been prepared on a going-concern basis, and the accounting policies have been applied consistently throughout the year. These financial statements have been prepared on a cash basis unless otherwise specified. Under a cash basis, receipts are recorded when cash has been received and expenses when cash has been paid out.

Among the list of consolidated entities are five (5) entities whose financial statements have been prepared on an accrual basis. These entities are as follows:

- 1. Ethics and Anti-Corruption Commission
- 2. Witness Protection Agency
- 3. Independent Electoral and Boundaries Commission
- 4. Commission on Revenue Allocation
- 5. Salaries and Remuneration Commission

The necessary adjustments have been made to these accrual financial statements as shown on **Note** 24.

The accounting policies included in these financial statements are the significant accounting policies for the Government of Kenya.

### Reporting entity

The national government reporting entity as defined in Executive Order No.1 (the Organization of Government) are:-

- Voted entities for the Executive: Ministries, Department, and Agencies;
- Commissions and Independent Offices;
- The legislative entities; and
- The judicial entities.

A list of these entities is shown under **Note 26** and, for the purpose of these consolidated statements, referred to as MDA's.

None of the entities eligible for consolidation under the National Government Ministry, Agencies and Departments budgetary cluster for the year ended 30<sup>th</sup> June 2024 has been excluded from consolidation.

The National Treasury has designed and deployed an efficient financial management system for both the National and County governments as contemplated by Article 226 of the Constitution. The Integrated Financial Management Information System (IFMIS) has been deployed to enhance the effectiveness and transparence of public resource management. All MDAs transact in IFMIS except two (Ministry of Defense and National Intelligence Service) and use the same Standard Chart of Accounts (SCOA). All MDAs largely bank with the Central Bank of Kenya.

Corresponding receipts, payments, assets and liabilities, of these individual entities are added together line by line. Transactions and balances involving entities within this group are eliminated on consolidation.

This consolidation is based on unaudited financial statements submitted by the individual entities to the National Treasury and the Auditor-General on 30<sup>th</sup> September 2024. A revised consolidation based on the audited financial statements will be prepared and submitted for audit purposes once these individual financial statements have been audited.

### Reporting currency

The financial statements are presented in Kenya Shillings (Kshs), which is the functional and reporting currency of the Government and all values are rounded to the nearest Kenya Shilling.

### Key assumptions and judgements

These financial statements reflect the MDA's financial results of operations and cash flows as at 30<sup>th</sup> June 2023. Underpinning these financial statements are a number of judgements, estimations and assumptions on particular disclosures. These include assumption about the future, in particular, the service benefits and future cash flows in relation to existing financial assets and liabilities and judgment in the application of accounting policies.

The accounting policies set out in this section have been consistently applied by all consolidated entities and for all the years presented.

### a. Recognition of receipts

The government recognises all receipts from the various sources when the event occurs and the related cash has actually been received by the government. Government receipts are classified into domestic receipts and external receipts.

### i. Domestic non-tax receipts (levies)

Non-Tax receipts are recognized in the books of accounts when cash is received and includes all appropriation in aid. Cash is considered as received when notification of remittance is received.

### ii. Exchequer receipts

Transfers from exchequer are recognized in the books of accounts when cash is received. Cash is considered as received when payment instruction is issued to the bank and notified to the receiving entity.

### iii. External receipts

Includes external loans, direct payments, and external grants. External receipts are received through grants and loans from multilateral and bilateral development partners.

Grants and loans shall be recognized in the books of accounts when cash is received. Cash is considered as received when a payment advice is received by the recipient entity or by the beneficiary. In case of grant/loan in kind, such grants are recorded upon receipt of the grant item and upon determination of the value. The date of the transaction is the value date indicated on the payment advice. A similar recognition criterion is applied for loans received in the form of a direct payment.

### iv. Other receipts

Relates to receipts such as proceeds from disposal of assets and sale of tender documents. These are recognized in the financial statements the time associated cash is received.

### Recognition of payments

The government recognises all payments when the event occurs and the related cash has actually been paid out by the Government.

### v. Compensation of employees

Salaries and wages, allowances, statutory contribution for employees are recognized in the period when the compensation is paid.

### vi. Use of goods and services

Goods and services are recognized as payments in the period when the goods/services are consumed and paid for. Such expenses, if not paid during the period where goods/services are consumed, shall be disclosed as pending bills.

### vii. Interest on loans

Borrowing costs that include interest are recognized as payment in the period in which they are incurred and paid for.

### viii. Repayment of loans (principal amount)

The repayment of principal amount of borrowing is recognized as payment in the period in which the repayment is made. The stock of debt is disclosed as an annexure to the consolidated financial statements.

### ix. Acquisition of fixed assets

The payment on acquisition of property, plant and equipment items is not capitalized. The cost of acquisition and proceeds from disposal of these items are treated as payments and receipts items, respectively. Where an asset is acquired in a non-exchange transaction for nil or nominal consideration and the fair value of the asset can be reliably established, a contra transaction is recorded as receipt and as a payment.

A fixed asset register is maintained by each public entity and a summary provided for purposes of consolidation. This summary is disclosed as an annexure to the consolidated financial statements.

### x. Third party payments

Included in the receipts and payments, are payments made on its behalf to third parties in form of loans and grants. These payments do not constitute cash receipts and payments and are disclosed in the payment to third parties in the statement of receipts and payments.

### b. Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and cash at bank, short-term deposits on call and highly liquid investments with an original maturity of three months or less, which are readily convertible to known amounts of cash and are subject to insignificant risk of changes in value. Bank account balances include amounts held at the Central Bank of Kenya and at various commercial banks at the end of the financial year.

Amounts maintained in deposit bank accounts are restricted for use in refunding third party deposits.

There were no other restrictions on cash during the year.

### c. Accounts receivable

For the purposes of these financial statements, imprest and advances to authorised public officers and/or institutions which were not surrendered or accounted for at the end of the financial year is treated as receivables. This is in recognition of the government practice where the imprest payments are recognized as payments when fully accounted for by the imprest or AIE holders. This is an enhancement to the cash accounting policy. Other accounts receivables are disclosed in the financial statements.

### d. Accounts payable

For the purposes of these financial statements, deposits and retentions held on behalf of third parties have been recognized on an accrual basis (as accounts payables). This is in recognition of the government practice of retaining a portion of contracted services and works pending fulfilment of obligations by the contractor and to hold deposits on behalf of third parties. This is an enhancement to the cash accounting policy adopted by National Government Ministries and agencies.

Other liabilities including pending bills are disclosed in the financial statements.

### e. Pending bills

Pending bills consist of unpaid liabilities at the end of the financial year arising from contracted goods or services during the year or in past years. Pending bills do not involve the payment of cash in the reporting period and therefore they are recorded as 'memorandum' or 'off-balance' items to provide a sense of the overall net cash position of the Government at the end of the year.

When the pending bills are finally settled, such payments are included in the statement of receipts and payments in the year in which the payments are made.

### f. Budget

The budget is developed on a comparable accounting basis (cash basis except for imprest and deposits, which are accounted for on an accrual basis), the same accounts classification basis, and for the same period as the financial statements.

The original budget was approved by parliament in June 2023 for the period 1<sup>st</sup> July 2023 to 30<sup>th</sup> June 2024 as required by law and there were three supplementary adjustments to the original budget during the year. A comparison of the actual performance against the comparable budget for the financial year under review has been included in the consolidated financial statements.

Government Development Projects are budgeted for under the MDAs but receive budgeted funds as transfers and account for them separately. These transfers are recognised as inter-entity transfers and are eliminated upon consolidation.

### g. Comparative figures

Where necessary, comparative figures for the previous financial year have been amended or reconfigured to conform to the required changes in presentation.

### h. Subsequent events

There have been no events subsequent to the financial year end with a significant impact on the financial statements for the year ended 30<sup>th</sup> June 2023.

### i. Errors

Material prior period errors shall be corrected retrospectively in the first set of financial statements authorized for issue after their discovery by: i. restating the comparative amounts for prior period(s) presented in which the error occurred; or ii. If the error occurred before the earliest prior period presented, restating the opening balances of assets, liabilities and net assets/equity for the earliest prior period presented. During the year, errors that have been corrected are disclosed under **Note 23** explaining the nature and amounts.

### j. Related party transactions

Related party relationships are a normal feature of commerce. Specific information with regards to related party transactions is included in the disclosure notes.

### 10. Notes to the financial statements

The following section provides additional information and details on the main financial statements.

### 1. Exchequer releases

The National Treasury administers the Consolidated Fund and releases funds to Voted entities in accordance with Article 206 and the Appropriation Act, of 2023. For the financial year 2023/2024, exchequer releases from Consolidated Fund to MDAs (voted entities) have been summarised quarterly as below:

Description	Year to 30th June 2024	Year to 30th June 2023

### 2. Proceeds from levies (Appropriation-in-Aid)

The proceeds from levies were collected as Appropriation - in - Aid (AIA) by the following Ministries and State Departments in line with the Appropriation Act 2022. Appropriation-in-Aid (AIA) means any revenue which a national government entity receives for application by that entity to finance its activities. All AIA are approved by Parliament through the Appropriation Act.

Substantial amount of this levy was received from the Petroleum Development Levy Fund (PDLF) to the Ministry of Energy and State Department for Petroleum and the Roads Maintenance Levy Fund (RMLF)/ Annuity Fund.

### 27.1 Property, plant and equipment

The schedule of fixed assets is provided for purposes of disclosure since the financial statements are prepared on cash basis.

The fixed assets schedule is extracted from the asset registers maintained by Ministries, Department and Agencies and reported as annexures to the annual financial statements. The Government intends to develop asset management policies that will guide public entities on classification, valuation (so as to reflect the current value of assets), tagging and verification of assets.

The following is a summary of the fixed assets held by Ministries, Department and Agencies as at 30<sup>th</sup> June 2024.

The pending bills do not include bills under litigation which are handled by the State Law Office.

### 27.3 Pension liability

The pension arrangements for government of Kenya employees are primarily defined benefit schemes. The schemes are unfunded and non-contributory and paid out of the budget on a pay-as-you-go basis.

An actuarial study on the Public Service Superannuation Arrangement (PSSA), was commissioned by Salaries and Remuneration Commission (SRC) and finalized in June 2014. The study showed that if the stream of future pension payments were discounted for anticipated future returns on assets, the resultant pension liability in respect of Public Service employees is estimated at Kshs 991.9 billion. This would be the estimated sum required if the current PSSA were to be fully funded.

The Public Service Superannuation Scheme commenced on 1<sup>st</sup> January 2021. The Scheme covers all civil servants below the age of 45 years. This includes employees of the Public Service Commission, Teacher Service Commission, and the National Police Service. Each member contributes 2.25% of basic pay (graduated to 5% by the third year) and the government pays 15%. The pension liability is not accrued in the financial statements as they are prepared on cash basis.

### 27.4 Public debt

The schedule of public debt is provided for purposes of disclosure since the financial statements are prepared on cash basis. During the financial year, the stock of public and publicly guaranteed debt increased by Kshs 311,573 million to stand at Kshs 10,576,512million.

Publicly guaranteed debt refers to the debt owed by National government public entities and County governments to both foreign and local creditors but guaranteed by national government. The information on public debt is extracted from the annual public debt report prepared by the National Treasury and provided as a separate report to the Auditor General.

### 27.5 Tax expenditures (Waivers and variances of taxes)

Kenya's tax system incorporates preferential tax measure whose goal is to benefit specific categories of tax payers, benefit some activities, and achieve targeted policy objectives. Section 77 of the PFM Act, 2012, allows the National Treasury to waive a national government tax, fee or charge in accordance with a criteria provided for in Regulations.

The National Treasury maintains a record of each waiver and discloses the same in accordance with Section 80 (2) (e) of the PFM Act. A detailed report on Waivers and variance of taxes can be accessed on the National Treasury website <a href="https://www.treasury.go.ke">www.treasury.go.ke</a>.
